What exactly is the Morgan MILE?

The Morgan MILE is a nationally-recognized and awarded program aimed at engaging male students in dialogue and activities that would lead them to match their values and goals with their academic progress. The acronym stands for “Male Initiative on Leadership and Excellence.” Because of the program’s design and the special enhancements that make the activities of the Morgan MILE unique, it is considered an honor to be invited to join the program.

There are a number of social activities/ organizations on campus. What distinguishes the Morgan MILE from any other group on campus?

The Morgan MILE has a very strong academic core value. It helps participants get connected with numerous academic support services and recognizes and rewards high academic achievement with incentives.

What does the Morgan MILE actually *do*?

Some of our past activities have included trips to leadership conferences, fall retreats, alternative spring break trips, white water rafting, community service activities and more. Morgan MILE participants are empowered to and are given the freedom to explore and lead in the ways that they most desire.
