

How to Apply for Funding via the School of Graduate Studies.
Spring 2026

Please direct questions to gradfunding@morgan.edu who manage this process.

1. Open this link to begin the Funding Application process: <https://sgsmorgan.smapply.us>
 - a. Click “Register” in the upper right corner. The link will direct you to create a user account. Please use your Morgan State student email address to create the account and set up your unique password. If you do not yet have a Morgan State email, please use your personal email address to apply for this first semester.
 - b. Check your inbox for an automatic email. This email might go to your spam or “Updates” folder.
 - c. Open the email and click “Complete Registration”
2. Once you are logged into the system, either click “View Programs” and navigate to “Graduate Student Tuition/Assistantship Funding” OR follow [this direct link](#). Select “Graduate Student Tuition/Assistantship Funding” and then click “Apply”.
 - a. Note: We are also using this system for students to submit their thesis/dissertation (ETD Program) and to request for MSGSA Grant Reimbursements (i.e., conference funding). Those are not related to the processing of tuition or assistantships, but just good-to-know.

3. On the next screen, you will have 3 forms to complete (an Eligibility Form, a General Information Form, and the Application Form) and, depending on your answers, you may also be required to upload a resume.

4. When you select the Eligibility Form, you will answer a few selected questions regarding eligibility criteria.
 - a. For new/incoming students, please mark “Yes” to the question about having a 3.0 cumulative GPA.
 - b. There will be two questions about being registered with a class schedule and registered for 6 credits. Select “Yes” if you *intend* to register for 6 or more credits in Fall 2026.
 - c. Note: If any of the requirements are not met, then you are not eligible. If the School of Graduate Studies determines that you are not registered as stated, you will not receive your award until you are registered.
5. Continue to the next task for the General Information Form
6. Finally, complete the Application Form
 - a. Based on your answer to the “Areas you would like to work” question, you may be required to upload a resume.

REVIEW SUBMIT

8. You will receive a message in your Apply dashboard and a separate email to say your application has been submitted.

9. Once your application has been submitted, it will be reviewed by the School of Graduate Studies. You will be emailed a decision. If approved, an award letter will be generated by the system and sent to your portal to accept.
- If you were a previous tuition award or assistantship recipient, you will not receive your award letter via DocuSign. All future awards will be requested, processed, and awarded through this new automated portal.
 - You will be required to apply again through this system each academic year.
