**CAUSES OF CONCERN**

**Physical Resources**

The program moved into a new building in August 2012. However, additional studio space will still be required, which the program plans to accommodate by expanding into space in downtown Baltimore. Please continue to report on progress in this area.

**Human Resources**

Please continue to report on efforts to address this concern, particularly on the search for a tenure-track assistant or associate professor, scheduled to begin in July 2013.

**Financial Resources**

The program continues to experience problems addressing this concern. Funding for faculty travel has been decreased, and with decreased funding for adjunct faculty, the opportunity for graduate architecture faculty to pursue research etc. continues to be restricted.
