The Landscape Architecture Accreditation Board (LAAB) requires accredited programs to provide reliable information to the public. This information is intended to help potential students make informed application decisions.

ACCREDITATION

Morgan State University's Master of Landscape Architecture (MLA) program is a professional degree track within the Department of Graduate Built Environment Studies and the School of Architecture + Planning. The program is accredited by the Landscape Architecture Accreditation Board (LAAB). For more information about LAAB, its mission, and accreditation see: http://www.asla.org/accreditationlaab.aspx.

ABOUT THE PROGRAM

The Master of Landscape Architecture Program offers students a city-oriented focus. The program challenges students to solve complex problems dealing with population density, architectural context, environmental systems, and public infrastructure. These interwoven physical systems underpin the important social, economic, and political layers of the urban landscape. The City of Baltimore offers faculty and students an unparalleled range of environments for study and research. These include waterfronts, commercial centers, residential neighborhoods, and urban/suburban edge-growth conditions. The graduate landscape architecture program at Morgan State offers a design-based, multi-disciplinary education supported by allied graduate programs in architecture and city and regional planning.
