COMPETITIVE RESEARCH FUNDING

Ongoing

2014 – 2024 **Title:** A Student-Centered, Entrepreneurship Development (ASCEND) Training Model to Increase Diversity in Biomedical Research
Goal: Provide transformative and innovate research training to underrepresented minority undergraduate students such that they pursue research in NIH-relevant fields
Role: Contact Principal Investigator (PI)
Funding: \$41 million (over 10 years); U54 award funded by the NIH

2019 – 2024 **Title:** RCMI@Morgan: Center for Urban Health Disparities Research and Innovation; PI: Dr. Valerie Odero Marah, Dr. Paul Tchounwou
Goal: Enhance the capacity for conducting health-related research among minority serving institutions
Role:

- Director of the Morgan CARES Community Engagement Core
- PI: Assessing the effectiveness of virtual versus in-person peer-motivation smoking cessation interventions for youths and adults (one of the three main projects)

Funding: \$18 million (over 5 years); U54 award funded by the NIH

2022 – 2026 **Title:** Improving Participation Among diverse populations in Cardiovascular clinical Trials (IMPACT); PI: Dr. Erin Michos (JHU)
Goal: Establish a Strategic Focused Research Network (SFRN) Center dedicated to the Science of Diversity in Clinical Trials, in collaboration with the American Heart Association (AHA) and Johns Hopkins University.
Role: Principal Collaborator and Postdoc Mentor

- Engage Morgan CARES community outreach center to initiate a Cardiovascular Learning Center and test innovative interventions aimed at recruiting a diverse population into AHA clinical trials.
- Mentor four postdoctoral fellows and oversee their assignments.

Funding: \$749k (over 4 years); funded through AHA (946222)

2023 – 2025 **Title:** Community & Stakeholder Engagement Certificate Program
Goal: Establish an annual, year-long CBPR scholarship certificate program that results in potential fundable NIH-type proposals.
Role: Program Director
Funding: \$226k (over 2 years); funded through Morgan State University Center for Urban Health Equity

Completed

2020 – 2022 **Title:** RAPID/Collaborative Research: Developing Pandemics and Healing Models for Coronavirus COVID-19 to Assist in Policy Making
Goal: to develop and optimize pandemics and healing models using machine learning theories to assist in making policy and evaluating their effectiveness
Role: Principal Investigator (PI)
Funding: \$40,000, (NSF: 2029441)

2013 – 2018 **Title:** Dissemination and implementation of the CEASE intervention to reduce tobacco smoking among residents of an Urban Setting
Goal: To improve smoking cessation treatment outcomes among low-income residents through dissemination and implementation research
Role: PI
Funding: \$1.4 million; R24 award funded by the NIH

2008 – 2013 **Title:** Community Based Participatory Research to reduce smoking among residents of an urban setting
Goal: To improve smoking cessation treatment outcomes among low-income residents through participatory randomized clinical trials
Role: Co-PI
Funding: \$2.5 million (5- year); R24 award funded by the NIH
