The Graves School of Business and Management (GSBM), established in 1944, is committed to enhancing academic rigor and quality. Being the first Business School in the State of Maryland, we have over 70 years of experience and expertise in preparing our students for the business world. Our highly dedicated faculty (over 90% with a doctorate degree in the discipline in which they teach) and staff continue to make student success their primary mission.

MBA @ Graves School

The MBA Program is a two-year program consisting of nine (9) core courses and (3) electives (36 credits total), which would determine your specialization, i.e. accounting, finance, project management, etc.

Program Objectives

- Effective Leadership & Teamwork
- Understanding competitive marketplace
- Maintaining high ethical and moral standards
- Data analysis for effective business decisions
- Technology for personal effectiveness

Facts to Note

Less than 5% of Business Schools globally are accredited by AACSB for their Business Program and less than 1% of Business Schools globally are accredited by AACSB for their Accounting Program. We are happy to be in this category.
