44th Annual CAREER DAY
WED., OCT. 17th

44th Annual CAREER DAY
WED., OCT. 17th

Hill Field House | 10 a.m.—3 p.m.
Congratulations to the Class of 2019!

The staff at the Center for Career Development welcomes you to our Annual Career Day. We have over 130 employers in attendance who are seeking the “best of the best” from Morgan State University. Be sure to review the profiles of the organization(s) that you are interested in, along with career fair tips included in this directory to ensure you make a great first impression. As you interact with the organizations, plan to discuss career opportunities that will be available to you immediately.

If graduate or professional school is in your immediate future, consider discussing your plans with the institutions that are represented.

You will also find Morgan State University alumni serving as representatives; be sure to look for the orange ribbons on their name tags. Think about it, what better way is there to enhance your own personal and professional development than to speak to individuals who have “been there, done that!”

As Morgan State University Alumni, you are still able to utilize the services of the Center for Career Development. Whether you are in the job market, exploring a career change, or considering graduate school, you can take advantage of a full range of services offered by the CCD. Visit our website for more details about our resources.

In closing, we wish you continued success as you pursue your career goals. Please share your success stories (#Bear2Succeed) with the CCD so you can serve as an inspiration to other Morgan students.

Sincerely,

Seana T. Coulter
Director

AT THE FAIR

1. Make a good first impression:
   - Arrive early; employers are at their peak and there is less competition.
   - Remember that first impressions count. Dress professionally. Wear comfortable shoes.
   - Carry as little as possible (avoid coats or backpacks, etc.); turn off cell phones and remove ear phones/buds.
   - Smile, make eye contact, and shake hands firmly and confidently. Introduce yourself with your full name, major, and graduation date.
   - Remember your body language...don’t fidget or look around. Act interested, focused, and enthusiastic. Be friendly, assertive, mature, and sincere.
   - Don’t ramble. Provide a concise, well-prepared overall view of what you have to offer their company and your career interests.
   - Ask at least 2 intelligent questions of each organization, about such topics as: company mission, client base, internship or co-op opportunities, summer or part-time employment, full-time career paths, trainee programs, hiring procedures, etc. Keep in mind that employers will expect that you have researched and will not want to answer questions that are easily available on their website. Note: Don’t just drop your résumé at the employer’s table. Try to get it into a recruiter’s hand. If you cannot speak to the recruiter, look for a business card to contact him/her at a later time.

2. Make things easier on yourself:
   - Network...while in line, talk to other students about recruiters they have spoken to already.
   - Speak clearly and loudly enough to be heard through the noise.
   - Bring 20+ copies of your résumé in a folder or portfolio, along with a pen and a pad. Be prepared to sell your skills and characteristics in person. Recruiters will remember their impression of you as much more than a résumé. Note: Many employers will direct you to apply online. If this is the case, know that the individual interactions that you have with the employer can be valuable as you will stand a better chance of being recognized when the recruiter reviews the online résumés later. Don’t get discouraged if the recruiter does not take your résumé. Use the time to make a positive impression and be memorable.
   - Ask for the recruiter’s business card for follow up; take notes about each organization on the back of business cards that can help you recall your conversations with recruiters.

AFTER THE FAIR

3. Follow up with company representatives:
   - Organize company brochures and contact information so you can easily begin the process of following up with employers.
   - Mail or email a thank-you letter as soon as possible to each organization of interest to reinforce your good image, and include a copy of your résumé.
   - Approximately 2 weeks after mailing the letters, call the recruiter to confirm receipt of your letter and to express your continued interest in the company and desire for an interview.

WHO WE ARE
Since our founding in 1923, the RK&K team has served both public and private sector clients by providing multi-discipline planning, engineering, environmental, and construction phase services. RK&K’s technical expertise places us 73rd on the Engineering News Record's 2018 listing of the Top 500 Design Firms. Our award-winning and diversified staff is experienced in an array of planning and design disciplines. Every one of our more than 1,250 team members understands what it takes to deliver success to our clients:

Responsive People | Creative Solutions

WHAT WE DO
For more than 95 years, RK&K has offered a challenging environment for professionals seeking success. We have exciting opportunities for energetic and aspiring professionals to become part of our team offering planning and design opportunities for a wide variety of projects throughout 22 office locations.

- Highway & Roadway Engineering
- Traffic, Toils & ITS
- Rail & Transit
- Structures, Geotechnical & Foundations
- Planning
- Construction Management, Inspection & Engineering
- Water & Wastewater
- Natural, Water & Cultural Resources
- Geospatial Solutions
- Solid & Hazardous Waste
- Utility Coordination & Relocation
- Ebery & Pipelines
- Cathodic Protection & Corrosion Control
- Site Development & Land Planning
- Urban Design & Streetscapes
- Surveying

Morgan Stanley Baltimore

At Morgan Stanley Baltimore, we aim to build a community that can deliver the finest financial thinking, products and performance in the world. Our people come from diverse backgrounds, but we all are high achievers who share integrity, intellectual curiosity and the desire to work in a friendly, inspiring environment.

Our Baltimore office started over a decade ago with just 60 people. The excellent higher education programs and talent market helped Morgan Stanley Baltimore to grow to over 1,000 employees that fill a wide variety of crucial roles in Operations, Finance, Legal and Compliance, and Technology. The Baltimore office is our largest North American office outside of our New York Headquarters.

The Chicago School of Professional Psychology is an accredited, not-for-profit institution focusing exclusively on psychology and related behavioral sciences. The Chicago School has been an innovator in the field for more than 35 years. You will benefit from the superior theoretical and classroom preparation you expect from an established institution and will receive a wholly unrivaled range of real-world training opportunities—beginning your first semester on campus—to help you build a relevant, robust resume that will set you apart and prepare you to make an impact in a way few other graduates can.

Washington, DC Behavioral Sciences & Psychology Graduate Degrees

The Chicago School’s campus in Northwest Washington, D.C. is at the center of U.S. political and governmental affairs, contributing to significant networking and field work opportunities with health care and social service organizations as well as assistance-based government agencies.

The Chicago School’s Washington, D.C. Campus provides students easy access to the historical and cultural riches that our capital city has to offer. Students find themselves close to national monuments and museums, eclectic dining and shopping, and a plethora of organizations and agencies that can provide unparalleled real-world experiences for the psychology-professional-in-training.

Few cities or metropolitan areas are better matches for our long-held commitment to diversity and our steadfast determination to work within multicultural communities.

Exceptional people. Exceptional contributions.

When your goal is to provide exceptional service to the nation, you need exceptional people. That’s why Sandia National Laboratories seeks out team members whose principles, perspectives, and outlook can contribute to game-changing solutions. We value the qualities that make our people unique—and know that what makes each person different makes all of us stronger.

Visit sandia.gov/careers to learn more about an exceptional career at Sandia and how you can add to our legacy of discovery, innovation, and achievement that has enhanced the well-being and security of people all over the world.

World-changing technologies. Life-changing careers.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or veteran status.

Sandia National Laboratories is a multimission laboratory managed and operated by National Technology and Engineering Solutions of Sandia, LLC., a wholly owned subsidiary of Honeywell International, Inc., for the U.S. Department of Energy’s National Nuclear Security Administration under contract DE-NA-0003525.
