

# Dissertation Writing Intensive

## June 24 – June 28, 2019

### 8:30 am – 3:00 pm

*“As a participant in this workshop, I was able to understand the overall goals...I was ‘forced’ to examine existing ideas and attitudes toward the dissertation process that were stifling my progress and freedom. Now I feel like I have been given the tools to effectively complete a quality dissertation. The workshop provided the framework for the achievement of these goals but it is an on-going developmental evolutionary process.” -2017 student*
