Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component unit of Morgan State University (the University), a component unit of the State of Maryland, as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the component unit financial statements of the Morgan State University Foundation, Inc. (the Foundation) as of and for the years ended June 30, 2018 and 2017. Those financial statements were audited by another auditor whose report thereon has been furnished to us, and our opinions, insofar as it relates to the amounts included for those entities, is based solely on the reports of the other auditor. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

SB & COMPANY, LLC
KNOWLEDGE • QUALITY • CLIENT SERVICE

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University and Foundation, as of June 30, 2018 and 2017, and the respective changes in their financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of proportionate share of net pension liability, and schedule of contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

OVERVIEW OF THE UNIVERSITY

Morgan State University (the University or Morgan) is Maryland's Preeminent Public Urban Research University as designated by the Maryland legislature and is known for its excellence in teaching, intensive research, effective public service and community engagement. Morgan prepares diverse and competitive graduates for success in a global, interdependent society. The University's ten schools and colleges—James H. Gilliam, Jr. College of Liberal Arts, School of Architecture and Planning, Earl G. Graves School of Business and Management, School of Community Health and Policy, School of Computer Mathematical and Natural Sciences, School of Education and Urban Studies, Clarence M. Mitchell, Jr. School of Engineering, School of Global Journalism and Communication, School of Graduate Studies, and School of Social Work - offers 45 baccalaureate programs, 35 master's programs, 16 doctoral programs and 11 post-baccalaureate certificates. The University provides a world-class education to nearly 7,800 undergraduate and graduate students from all 50 states and approximately 60 countries and has a strong global network of 42,443 active alumni. Thirty percent of all students enrolled at Morgan are from outside the State of Maryland. It is one of the leading institutions nationally in the number of applications received from African-American high school graduates and is ranked first in Fulbright Scholars among all Historically Black Colleges and Universities (HBCUs). Nationally, the University is ranked 19th for doctoral degrees awarded to African Americans.

Morgan State University celebrated its sesquicentennial anniversary in fiscal year 2017, honoring its founding 150 years ago as the Centenary Biblical Institute by the Baltimore Conference of the Methodist Episcopal Church. The institution's original mission in 1867 was to train young men in ministry. The school was renamed Morgan College in 1890 in honor of the Reverend Lyttleton Morgan, the first chairman of its Board of Trustees, who donated land to the college. In 1915 the late Andrew Carnegie gave the school a conditional grant of \$50,000 for the central academic building. Morgan remained a private institution until 1939. That year, the state of Maryland purchased the school in response to a state study that determined that Maryland needed to provide more opportunities for its black citizens. In 1975, the State Legislature designated Morgan as a university, gave it the authority to offer doctorates, and provided for it to once again have its own governing board. In 1988, Maryland reorganized its higher education structure and strengthened its coordinating board, the Higher Education Commission. The campuses in the state college system became part of the University System of Maryland. Morgan and St. Mary's College of Maryland were the only public baccalaureate-granting institutions authorized to have their own governing boards. In addition to legislation strengthening Morgan's authority to offer advanced degree programs, it also designated the University as Maryland's Preeminent Public Urban Research University with the signing of SB1085 into law by Governor Larry Hogan.

On May 3, 2016, in an effort towards preserving the rich cultural legacy of HBCUs, the National Trust for Historic Preservation named Morgan State University a National Treasure. The National Trust and Morgan State University have partnered to develop a preservation plan that stewards the many historic buildings on campus, while planning wisely for the University's future.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

OVERVIEW OF THE FINANCIAL STATEMENTS AND FINANCIAL ANALYSIS

The following discussion presents an overview of the financial position and financial performance of the University during the fiscal years ended June 30, 2018 and 2017, with comparative information for 2016. This discussion and analysis has been prepared by management along with the financial statements and related footnote disclosures. This discussion should be read in conjunction with, and is qualified in its entirety by, the financial statements and footnotes. The discussion and analysis is designed to focus on current activities, resulting change and currently known facts. The financial statements, footnotes and this discussion are the responsibility of management.

The annual financial report includes three financial statements: the Balance Sheet, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flow. These financial statements are prepared in accordance with applicable generally accepted accounting principles (GAAP) as established by the Governmental Accounting Standards Board (GASB), which establishes financial reporting standards for public colleges and universities. A summary of significant accounting policies followed by the University are included in Note 1 to the financial statements.

The basic financial statements consist of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board Statement (GASB) No. 35, *Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities*.

These financial statements focus on the financial position, results of operations, and cash flows of the University as a whole.

Additionally, the University has adopted Governmental Accounting Standards Board (GASB) Statement No. 39, *Determining Whether Certain Universities Are Component Units*, an amendment of GASB Statement No. 14, and included the discrete financial information of the Morgan State University Foundation, Inc. (the Foundation) in its basic financial statements. However, this management's discussion and analysis focuses on the financial information of the University. The Foundation is a private nonprofit whose purposes includes, but are not restricted to, receiving and administering funds to enhance, improve, develop, and promote the University and to benefit the University, its students, and faculty. Complete financial statements for the Foundation can be obtained from Morgan State University Foundation, Truth Hall, Room 201, 1700 East Cold Spring Lane, Baltimore, MD 21251.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

INSTITUTION FINANCIAL HIGHLIGHTS

There are three financial statements presented for each fiscal year: the Balance Sheet; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most institutions. Starting in 2015, these statements included the implementation of GASB No. 68, Accounting and Financial Reporting for Pensions. This accounting standard modified existing financial reporting requirements as well as established new ones for governmental entities-including public colleges and universities- that participate in defined benefit pension plans. GASB 68 dramatically changed the way that public colleges and universities account for their defined benefit plans. The primary consequence is that most institutions are reporting a much larger pension liability on their financial statements than in the past. The net pension liability as of June 30, 2018, was \$71.9 million.

As of June 30, 2018, the University had \$576.8 million in assets plus \$27.4 million in deferred financing outflows that totals \$604.1 million. This compares to the June 30, 2017 and 2016 totals of \$614.7 and \$583.1 million, respectively. The decrease in total assets were driven by decreases in net capital assets as new buildings were placed in service in 2017 and 2016, but not in 2018. The new administrative and student services building will be completed in fiscal year 2020.

As of June 30, 2018, the University had \$158.7 million in liabilities plus \$9.0 million in deferred financing inflows that totals \$167.7 million. This compares to the June 30, 2017 and 2016 totals of \$180.6 and \$173.6 million, respectively. This change in liabilities is primarily due to the change in the pension liability and the reduction in the University capital debt position.

The University generated \$246.5 million in total revenue for the year ended June 30, 2018. This was a 6.5% and 1.4% decrease over the same periods in 2017 and 2016, respectively. Total operating expenses declined to \$233.5 million in 2018, a decrease of 0.7%, compared to \$235.2 million and \$216.4 million, compared to the same period in 2017 and 2016, respectively. This operation performance resulted in an increase in net asset position of \$2.3 million. For June 30, 2018, the University's net asset position was \$436.4 million.

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION

The Balance Sheet presents the University's assets, deferred outflows, liabilities, deferred inflows and net position as of the end of the fiscal year. The purpose of this statement is to present to the financial statement readers a snapshot of the University's financial position at year-end. From the data presented, readers of the Balance Sheet are able to determine the assets available to continue the University's operations. It also allows readers to determine how much the University owes vendors and creditors.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION

(continued)

Net position is divided into three major categories. The first category, net investment in capital assets, depicts the University's equity in property, plant, and equipment owned by the University. The next category is restricted, which is divided into two categories in the financial statements, nonexpendable and expendable. Restricted nonexpendable net position consists solely of the University's permanent endowment funds and is only available for investment purposes. Expendable restricted net position is available for expenditure by the institution but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on them. The final category is unrestricted net position which is available to the institution for any lawful purpose of the institution.

BALANCE SHEET SUMMARY

(in millions)

	As of June 30,		
	2018	2017	2016
ASSETS			
Current Assets	\$ 112.4	\$ 109.2	\$ 100.8
Non-Current Assets:			
Capital assets, net	455.2	466.5	444.0
Other non-current assets	9.2	8.9	13.2
Total Non-Current Assets	464.4	475.4	457.2
Total Assets	576.8	584.6	558.0
Deferred financing outflows	27.4	30.2	25.1
Total Assets and Deferred Outflows	\$ 604.1	\$ 614.8	\$ 583.1
LIABILITIES			
Current liabilities	\$ 34.2	\$ 39.0	\$ 35.4
Non-current liabilities	124.5	137.0	132.7
Total Liabilities	158.7	176.0	168.1

Total Liabilities, Deferred Inflows and Net Position	\$ 604.1	\$ 614.7	\$ 583.1

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION (continued)

Assets included in the balance sheet are classified as current and noncurrent. Current assets consist, primarily, of cash and cash equivalents, investments and accounts receivable. Non-current assets consist primarily of plant and equipment known as capital assets. Current assets of \$112.4 million represented an increase of \$3.2 million and \$11.6 million, or 2.9% and 11.5% from 2017 and 2016, respectively, due to an increase in cash and cash equivalents. Non-current and capital assets of \$464.4 million decreased \$11.0 million and increased \$7.2 million, or 2.3% and 1.6% from 2017 and 2016, respectively, due to the decrease in capitalized assets as no new buildings were placed in service in 2018. The new administrative and student services building will be completed in fiscal year 2020.

Noncurrent liabilities of \$124.5 million (2018), \$137.0 million (2017), and \$132.7 million (2016) include the net pension liability and other long term debt.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION (continued)

As of June 30, 2018, the University's net asset position was \$ 436.4 million, compared to \$434.1 million and \$409.5 million for the same period in 2017 and 2016, respectively. This represents a \$2.3 million increase in net position from the June 30, 2017 net position primarily as the result of an increase of operating state appropriations of \$0.5 million and a decrease in operating expenses of \$1.8 million.

Investment in capital assets represents the University's capital assets ownership, while the \$10.9 million in restricted net position consists of investments given to the University for scholarships and a lecture series, the Federal Perkins loan program, and funds invested for capital debt service and disbursements. The University's unrestricted net asset position is \$20.5 million representing a \$7.0 million increase from 2017.

MORGAN STATE UNIVERSITY

**Management’s Discussion and Analysis
June 30, 2018 and 2017**

**ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION
(continued)**

Over the last three years the University’s net asset position has been favorable, increasing \$2.3 million or 0.5% to the fiscal year 2018 level of \$436.4 million. This combined growth of unrestricted and expendable financial resources demonstrates the University’s continued strengthening of its financial position.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY OF REVENUES AND OPERATING AND NON-OPERATING EXPENSES

Changes in total net position, as presented on the Balance Sheet, are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues received by the University, both operating and non-operating, and the expenses paid by the University, operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the University.

Generally, operating revenues are received for providing goods and services to students and other constituencies of the institution. Operating expenses are those expenses incurred to acquire or produce the goods and services provided in return for the operating revenues and to carry out the University's mission. Payments to employees including salaries, fringe benefits, and pension for faculty and staff are the largest type of operating expense totaling \$146.4 million or 62.7% of \$233.4 million.

Non-operating revenues are revenues received for which goods and services are not provided. For example, the University's state appropriations are non-operating because they are provided by the state legislature without the legislature directly receiving commensurate goods and services for those revenues. All of the current year's revenues and expenses are recorded on the accrual basis of accounting.

SUMMARY OF REVENUES

(in millions)

	Years Ended June 30,		
	2018	2017	2016
Operating Revenues			
Tuition and fees, net	\$ 50.4	\$ 50.1	\$ 44.8
Other	64.5	67.0	66.2
Total Operating Revenues	114.9	117.1	111.0
Non-Operating Revenues			
State appropriations	93.7	93.2	86.1
Pell grants	16.5	15.3	15.8
Other non-operating revenues	1.7	1.8	1.2
Total Non-Operating Revenues	111.9	110.3	103.1
Other Revenues			
Capital appropriations	19.7	35.9	52.8
Total Revenues	\$ 246.5	\$ 263.3	\$ 266.9

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY OF REVENUES AND OPERATING AND NON-OPERATING EXPENSES (continued)

University revenues are comprised of three major categories, operating revenue, non-operating and other revenue. For the year ended June 30, 2018, the University's total revenues were \$246.5 million, a decrease of \$16.8 million and \$20.4 million, or 6.5% and 7.8% from 2017 and 2016, respectively. For the year, operating revenues of \$114.9 million decreased slightly by \$2.4 million and increased \$3.7 million over the same period in 2017 and 2016, respectively.

Non-operating revenues of \$111.9 million, increased \$1.6 and \$8.8 million from 2017 and 2016, respectively, due to the higher State appropriation for the period. The State of Maryland continues to provide strong support for the University affirming the positive return on investment that Morgan State University represents. Other revenues of \$19.7 million consist of capital appropriations from the State of Maryland. The capital appropriations were \$16.2 and \$33.1 million less compared 2017 and 2016, respectively. The University continues to receive capital appropriations to enhance its physical plant and to support the University's long-term capital plan. The lower capital appropriations is due primarily to the timing of the cashflow requirements for the majority of projects funded by the State of Maryland.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY OF REVENUES AND OPERATING AND NON-OPERATING EXPENSES (continued)

SUMMARY OF OPERATING AND NON-OPERATING EXPENSES (in millions)

	Years Ended June 30,		
	2018	2017	2016

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY OF REVENUES AND OPERATING AND NON-OPERATING EXPENSES (continued)

Total operating and non-operating expenses for the year ended June 30, 2018, was \$244.2 million, an increase of \$5.7 million and \$25.6 million or 2.4% and 11.7% from 2017 and 2016, respectively. Interest expense decreased by \$0.2 million and decreased by \$0.1 million from 2017 and 2016, respectively, due to the 2012 debt refinancing.

Total operating expenses of \$233.4 million were lower by \$1.8 million and higher by \$17.0 million or 0.1% and 7.8% from 2017 and 2016, respectively, due to decreases for payments to employees including salary in 2018 and due to the significant increase in pension expense from 2017.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY OF REVENUES AND OPERATING AND NON-OPERATING EXPENSES (continued)

SUMMARY OF OPERATING RESULTS

The University realized an increase in its net position of \$2.3 million or 0.5% during fiscal year 2018. The University continually builds its net position as evidenced from the multi-year increase of \$27.1 million or 6.6% since fiscal year 2016. The long-term financial plan places an emphasis on growing the net position. The newly created cost reduction committee will guide the University to meeting its long-term financial goals.

	Years Ended June 30,		
	2018	2017	2016
Net Position, Beginning of Year	\$ 434.1	\$ 409.3	\$ 361.0
Total revenues	246.5	263.3	266.9
Total expenses	(244.2)	(238.5)	(218.6)
Increase in net position	2.3	24.8	48.3
Net Position, End of Year	\$ 436.4	\$ 434.1	\$ 409.3

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

STATEMENTS OF CASH FLOWS SUMMARY

The Statement of Cash Flows provides relevant information that aids in the assessment of the University's ability to generate cash to meet present and future obligations and provides detailed information reflecting the University's sources and uses of cash during the fiscal year. The statement is divided into four sections. The first section deals with operating cash flows and reflects the sources and uses to support the essential mission of the University. The second section presents cash flows from non-capital financing activities and reflects non-operating sources and uses of cash primarily to support operations. The third section represents cash flows from capital financing activities and details the activities related to the acquisition and construction of capital assets, including related debt payments. The fourth section deals with cash flows from investing activities and includes interest on investments and sale of investments.

SUMMARY OF CASH FLOWS

(in millions)

	Years Ended June 30,		
	2018	2017	2016
Cash (used) provided by:			
Operating activities	\$ (99.1)	\$ (97.1)	\$ (83.3)
Noncapital financing activities	109.8	108.2	101.4
Capital and related financing activities	(7.0)	(14.1)	(4.1)
Investing activities	1.6	6.4	(3.9)
Net Increase in			
Cash and Cash Equivalents	5.3	3.4	10.1
Cash and cash equivalent, beginning of year	90.0	86.6	76.5
Cash and Cash Equivalent, End of Year	<u>\$ 95.3</u>	<u>\$ 90.0</u>	<u>\$ 86.6</u>

The primary cash receipts from operating activities consist of tuition and fees, and auxiliary enterprises. Cash disbursements from operations include salaries and wages, benefits, supplies, utilities, maintenance, and scholarships. The overall increase in net cash used by operations reflects the increase in tuition and fees together with the reduction of payments to suppliers and employees from year to year. State appropriations are the primary source of non-capital financing. Non-capital state appropriation receipts were \$93.7 million in 2018, \$93.2 million in 2017, and \$86.1 million in 2016.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

CAPITAL INVESTMENT ACTIVITIES

The University continues to invest in capital assets to support the mission of the institution. With strong support from the State of Maryland, the following capital projects totaling approximately \$101 million were completed or recently started:

- 1) Residual vendor payments on the recently completed facilities
- 2) Campus-wide utility upgrades
- 3) Construction of the new Student Services building

In addition, several projects are in the planning stages including the construction of a new health and human services building and a new state of the art science facility. Finally, campus-wide site improvements and ADA accessibility projects continue to be phased in over the entire campus. More detailed information about the University's capital assets and capital commitments are presented in Note 4 and Note 7 of the financial statements footnotes.

DEBT

As of June 30, 2018, the University had \$50.2 million in outstanding long-term debt versus \$56.5 and \$62.5 million in 2017 and 2016, respectively, a decrease of 11.2% and 19.7%, respectively. The table below summarizes these amounts in millions by type of debt instrument.

	As of June 30,		
	2018	2017	2016
Revenue bonds	\$ 34.9	\$ 39.2	\$ 43.2
Lease obligations	15.3	17.3	19.3
Total	\$ 50.2	\$ 56.5	\$ 62.5

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY AND ECONOMIC TRENDS

The University's overall financial position continues to strengthen due to a comprehensive financial management approach based on sound principles and linked directly to the University's strategic plan. The University continues its national ranking at the top tier and continually promotes accessibility and affordability in line with its mission. In 2017, the State of Maryland provided funds for an in-state 2% tuition buy down for public institutions. This type of State support may continue in the future to keep tuition rates affordable for public universities. As such, tuition increases are expected to remain in the 2% to 2.5% range going forward. New student enrollment has increased over the past five years along with an increase in out-of-state and foreign students. New geographical markets have been added to recruiting strategies and will continue to be added in the following fiscal years. Applications have increased more than 20% from prior year with a relative increase in admissions and confirmations. In addition, retention rates have increased more than 10% over the past decade with \$2.0 million in additional institutional student aid being earmarked for honor student recipients and other student's needs. The State of Maryland also continues to support the University from a capital perspective. In 2015, a state-of-the-art Morgan Business Center was opened and in the fall of 2017, the new Martin D. Jenkins Hall (Behavioral and Social Sciences Center) was opened. A new administration and student services building designed to improve the student's experience with one-stop service for financial aid, registration and other services will be completed in fiscal year 2020. The University broke ground on the project during fall 2017.

In June 2018, the University announced the results of a statewide impact study, after the conclusion of a comprehensive analysis of the University's economic and fiscal contributions conducted by Econsult Solutions, Inc., an independent Philadelphia-based economics firm. The detailed study reveals that Morgan is a valuable economic engine, making an annual \$990-million financial impact on Maryland and \$574 million within Baltimore City. In addition, the University supports more than 6,500 jobs statewide, nearly 4,000 of which are located in the City.

In July 2018, the University received the Middle States Commission on Higher Education's (MSCHE's) reaffirmation of the University's accreditation without any requirements and recognition of Morgan's progress to date. The reaccreditation comes after a comprehensive evaluation of the University and a detailed self-study conducted by Morgan, extending the University's status as a recognized research institute of higher education. This was a major accomplishment that shows the strong commitment of the University's leadership, management, and faculty to strive for excellence.

As part of an annual check-up of its institutional health in 2018, the University successfully underwent a thorough evaluation of its finances and operations leading Standard & Poor's (S&P) Global to affirm the University with its 'A+' long-term and unenhanced bond ratings. In addition to confirming the University's outlook as stable, S&P's assessment also commends the University for its very strong enterprise profile and debt management.

MORGAN STATE UNIVERSITY

Management's Discussion and Analysis June 30, 2018 and 2017

SUMMARY AND ECONOMIC TRENDS *(continued)*

In support of the A+ rating, other key findings outlined in the S&P analysis included:

- 1) Healthy financial management policies
- 2) Ample financial resources (relative to expenses and debt)
- 3) Low-to-moderate debt burden
- 4) Relatively stable enrollment with full-time enrollment increasing

In September 2018, Morgan State University (MSU) President David Wilson announced that the Maryland Board of Public Works (BPW) recently approved leases related to the relocation of the university's Barnes & Noble-operated bookstore and the construction of an MSU public safety facility at the site of the Northwood Plaza Shopping Center. Coinciding with years of planning and discussion with stakeholder groups, the BPW approvals clear the path to begin the construction of Northwood Commons, a \$50-million redevelopment project located adjacent to Morgan's West Campus. Baltimore-based MLR Partners and MCB Real Estate, in conjunction with Northwood Plaza's current owners, will execute the much-anticipated project in two phases. The first phase will involve 70,000 square feet of retail space, including a Barnes & Noble college bookstore with a Starbucks, and 20,000 square feet of office space housing the University's Office of Police & Public Safety, across from the bookstore. The project's second phase will entail the construction of up to 35,000 square feet of retail space, most of which will be occupied by a grocery store, a welcome addition to the campus and surrounding communities. The project is slated to begin this fall with construction to be completed in 2020, the same year the university's new student services building is scheduled to open on the main campus.

The strengths that serve as a strong foundation in maintaining Morgan's position are a diverse and capable faculty, Carnegie classification as a doctoral research university, specialized accreditation of academic programs and a nationally recognized brand name and reputation. Through an enhanced effort on student retention and success, the University is building new collaborations with federal agencies and with private corporations resulting in increased gifts and grant revenue. The University's goals for the future are enhancing student success, enhancing the doctoral programs, improving infrastructure and operational processes, growing resources, and engaging with the community and is guided by its strategic plan, "Growing the future, leading the world, 2011-2021". The University is continuing its commitment to building strong academic programs. As part of the plan, the University is enhancing its status as a Doctoral Research University through successfully securing grants and contracts and its faculty's achievements in basic and applied research, professional expression, artistic creation, and creative inquiry. Additionally, initiatives are designed to enhance doctoral achievements in the science, technology, engineering, and mathematics (STEM) and non-STEM disciplines for underrepresented minority students. Going forward, Morgan State University will continue to manage its resources and position itself to continue its pursuit of excellence in teaching, research, scholarship, and creative endeavors with integrity, respect, diversity, innovation and leadership.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Operations

Morgan State University (the University) is a modern comprehensive research university that serves the state, national, and international communities by providing its students with academic instruction, by conducting research and other activities that advance fundamental knowledge, and by disseminating knowledge to the people of Maryland and throughout the world. The University awards bachelors, master, and doctoral degrees. The University has been designated as Maryland's Preeminent Public Urban Research University of the State by the state legislature.

B. Reporting Entity

- (1) The University is a component unit of the State of Maryland and is included in the general-purpose financial statements of the State of Maryland.
- (2) The Morgan State University Foundation, Inc. (the Foundation), was organized exclusively for charitable, religious, educational, and scientific purposes. The Foundation's purposes further include, but are not restricted to, receiving and administering funds to enhance, improve, develop, promote, and to benefit the University, its students, and its faculty. The Foundation qualifies as a component unit of the University under accounting standards generally accepted in the United States of America; therefore, the activities of the Foundation are shown in these financial statements as a discretely presented component unit.
- (3) During the years ended June 30, 2018 and 2017, the Foundation distributed \$55,760 and \$31,479, respectively, to the University for unrestricted purposes. The Foundation provided grants and scholarships to students of \$2,178,242 and \$1,754,187, for the years ended June 30, 2018 and 2017, respectively. Complete financial statements for the Foundation can be obtained from Morgan State University Foundation, Truth Hall, Room 201, 1700 East Cold Spring Lane, Baltimore, MD 21251.

C. Measurement Focus and Basis of Accounting

- (1) For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Measurement Focus and Basis of Accounting (continued)

- (2) The Foundation is a private nonprofit that reports under the standards of the Financial Accounting Standards Board (FASB). As such, certain revenue recognition criteria and presentation features differ from GASB's revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial reporting entity for these differences.
- (3) Cash and Cash Equivalents - For purposes of the statements of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.
- (4) Investments - The University accounts for its investments at fair. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statements of revenues, expenses, and changes in net position.
- (5) Accounts Receivable - Accounts receivable consists of tuition and fees charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the State of Maryland. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.
- (6) Notes Receivable - Notes receivable consist of notes initiated through the Federal Perkins loan program. Based on the criteria of the Perkins loan program, individuals are not required to initiate their repayments until leaving the University.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting

- (1) Promises to Give – Foundation - Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises to give are received. Amortization of the discounts is included in contribution revenue. As of June 30, 2018 and 2017, the discount rate was 3.4% and 2.4%, respectively, and the amount amortized was \$80,835 and \$82,179 for the years ended June 30, 2018 and 2017, respectively.

Allowances for uncollectible promises to give are estimated based on the date of the promise, the term, and the payment history.

Included in promises to give are the following restricted promises as of June 30:

	<u>2018</u>	<u>2017</u>
Promises to give before unamortized discount and allowance for uncollectibles	\$ 3,758,359	\$ 4,314,286
Less: Unamortized discount	80,835	82,179
	<u>3,677,524</u>	<u>4,232,107</u>
Less: Allowance for uncollectibles	314,398	297,367
Net promises to give	<u><u>\$ 3,363,126</u></u>	<u><u>\$ 3,934,740</u></u>

The Foundation wrote off \$60,500 and \$222,522 in uncollectible pledges during the years ended June 30, 2018 and 2017, respectively.

As of June 30, the restricted promises to give are expected to be collected as follows:

	<u>2018</u>	<u>2017</u>
Amounts due in:		
One year	\$ 2,564,047	\$ 2,141,144
Two years	643,914	1,128,310
Three years	512,917	545,648
Four years	33,995	485,140
Five years	3,486	14,044
Total	<u><u>\$ 3,758,359</u></u>	<u><u>\$ 4,314,286</u></u>

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting (continued)

- (2) Inventories - Inventories are carried at cost, determined under the first-in, first-out (FIFO) basis, which is not in excess of realizable value.
- (3) Capital Assets - Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation in the case of gifts. For equipment, the University's capitalization policy includes all items including library books in bulk with a unit cost of \$5,000 or more and an estimated useful life of greater than one year. The University records capital projects such as roads, bridges, tunnels and sidewalks with a minimum cost of \$100,000 as infrastructure. Building and building improvements with a minimum cost of \$250,000, which significantly increase the value or extend the useful life of the structure, are capitalized. Land improvements with a minimum cost of \$100,000 are also capitalized since they increase the value of related structures. Routine repairs, maintenance and items less than the minimum capitalization thresholds are charged to operating expense in the year in which the expense was incurred. All costs relating to the construction of capital assets owned by the University are capitalized.

The University maintains art collections, consisting primarily of donated African American art and are held for educational, research, and curatorial purposes. The collections which were acquired by contributions since the University's inception are not recognized as assets in the Balance Sheet. The art collections are not capitalized as allowed by criteria of generally accepted accounting principles of the United States of America. Each of the items are catalogued, preserved and cared for, and activities verifying their existence and assessing their condition are performed continuously.

Depreciation of capitalized assets is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings and infrastructure, 20 for significant building renovations, 15 years for land improvements, 50 years for library books, and 5 years for furniture and equipment.

- (4) Unearned Revenues - Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period, including tuition and fees received from students prior to the start of classes. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.
- (5) Accrued Vacation Costs - Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statements of net position, and as a component of expenses in the statement of revenues, expenses, and changes in net position.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting (continued)

- (6) Pensions – Most employees of the University are members of the Maryland State Retirement and Pension System. Employees are members of either the Teacher’s Pension System of the State of Maryland (TPS) or the Employees Retirement System of the State of Maryland (ERS). TPS and ERS are part of the State of Maryland Retirement and Pension System which is considered a single multiple employer cost sharing plan.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expenses, information about the fiduciary net position of TPS and ERS and additions to/deductions from TPS and ERS’ fiduciary net position have been determined on the same basis as they are reported by TPS and ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

- (7) Non-current Liabilities - Non-current liabilities include principal amounts of revenue bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; and estimated amounts for accrued vacation costs and other liabilities such as accrued workers’ compensation that will not be paid within the next fiscal year.
- (8) Net Position - The University’s net position is classified as follows:
- (a) *Net Investment in capital assets*: This represents the University’s total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.
 - (b) *Restricted net position - expendable*: Restricted expendable net position include resources in which the University is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.
 - (c) *Restricted net position - nonexpendable*: Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift investment, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting (continued)

(a) *Unrestricted net position:* Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

- (9) Income Taxes – University - The University, as a political subdivision of the State of Maryland, is exempt from Federal income taxes under Section 1 of the Internal Revenue Code, as amended.
- (10) Income Taxes – Foundation - the Foundation is exempt from income taxes under the Internal Revenue code Section 501 (c) (3).
- (11) Revenues - Operating revenues and expenses are generally associated with those activities that relate to the core activities of instruction, research and auxiliary services that form the essence of the University. Nonoperating revenues, expenses and gains and losses represent amounts that occur regularly but are not included in operating revenues and expenses. Generally accepted accounting principles defines State appropriations as nonoperating.
- (12) Scholarship Discounts and Allowances - Student tuition and fees revenues and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or non-governmental programs are recorded as either operating or non-operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. New Accounting Pronouncements

GASB issued GASB No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which requires recording of the OPEB liabilities and additional disclosures on footnote and required supplementary information. This GASB statement is effective on the fiscal year beginning after June 15, 2017.

The State of Maryland and its related agencies adopted GASB No. 75 during the year ended June 30, 2018. The costs for postretirement benefits are for State and State agency retirees are primarily funded by the State. The State does not distinguish employees by employer/State agency. For the years ended June 30, 2018, 2017, and 2016, the State did not allocate postemployment health care costs to State agency participating employers and, as a result, did not require a contribution from the University. As such, the State has elected to maintain the entire Net OPEB Liability as a liability of the general fund of the State and has not allocated any balances to State agencies, including the University.

The GASB issued statements No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*, GASB No. 81, *Irrevocable Split-Interest Agreements*, GASB No. 82, *Pension Issues- an amendment of GASB Statements No. 67, No. 68, and No. 73*, GASB 83, *Certain Asset Retirement Obligations*, GASB No. 84, *Fiduciary Activities*, GASB No. 85, *Omnibus 2017*, GASB No 86, *Certain Debt Extinguishment Issues*, and GASB No. 87, *Leases*, and GASB No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*. These statements may have a material effect on the University's financial statements once implemented. The University will be analyzing the effects of these pronouncements and plans to adopt them, as applicable, by their effective date.

E. Reclassification

Certain amounts have been reclassified from the 2017 presentation to agree to the 2018 presentation.

2. DEPOSITS AND INVESTMENTS

A. Deposits in State of Maryland Cash Pool

As of June 30, 2018 and 2017, the University had cash on deposit in an internal pooled cash account with the Maryland State Treasurer (Treasurer) in the amount of \$95,204,509 and \$89,759,272 respectively. The Treasurer has statutory responsibility for the State's cash management activities. The Treasurer maintains these and other State agency funds on a pooled basis in accordance with State statutes. The carrying amount of the University's demand and time deposits was \$101,126 and \$139,964 as compared to bank balances of \$107,852 and \$136,709, as of June 30, 2018 and 2017, respectively. These time deposits were fully insured as of June 30, 2018 and 2017.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

2. DEPOSITS AND INVESTMENTS (continued)

B. Endowment Investments and Restricted Investments

- (1) With respect to Endowment Funds, statutes authorize the University to invest its funds in most types of debt and equity securities, subject to any specific limitations set forth in the applicable gift instruments or any applicable law, provided the University exercises ordinary business care and prudence and considers long and short-term needs for carrying out its stated purposes.
- (2) As of June 30, 2018 and 2017, all investments of the Endowment pool consist of common stocks with a market value of \$2,684,682 and \$2,653,187 respectively. These funds are held by a third-party custodial financial institution designated by the State.
- (3) The University has restricted investments of \$5,009,086 and 4,885,486, respectively, as of June 30, 2018 and 2017. The June 30, 2018 and 2017, restricted investments were invested by and accounted for by the Bond Trustee, the Bank of New York Mellon. As of June 30, the risk disclosures of investments were classified as follows:

	2018		2017	
	Market Value	Rating	Market Value	Rating
Federated Treas Oblig Fd 115	\$ 2,611	AAA	\$ 299	AAA
Federated Treas Oblig As 115	5,006,475	AAA	4,884,255	AAA
Total Investments held by Bank of NY Mellon	5,009,086		4,884,554	
Cavalan Hill Gov't Sec Money Market-Admin 001	-		932	AAA
Total Investments	\$ 5,009,086		\$ 4,885,486	

C. Investments and Investment Income

Investments are recorded at fair value as of June 30, 2018 and 2017, and consisted of the following:

	2018	2017
Quasi Endowment Funds		
Stocks	\$ 1,708,558	\$ 1,756,605
Unrestricted		
Stocks	976,124	896,582
Total Market Value	2,684,682	2,653,187
Prior Year Market Value	2,653,187	2,419,971
Total Unrealized Gain	\$ 31,495	\$ 233,216

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

2. DEPOSITS AND INVESTMENTS (continued)

C. Investments and Investment Income (continued)

The University categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The University had the following recurring fair value measurements as of June 30, 2018 and 2017:

	<u>June 30, 2018</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Investments by fair value level

Equity funds	20,692,314	-	20,692,314	-
Total Equity Securities	\$ 30,236,833	\$ 7,320,521	\$ 22,916,312	\$ -

Money market, certificates of deposits, common stocks, and U.S. Government obligations and securities are classified in Level 1 of the fair value hierarchy and are valued using prices quoted in active markets for those investments.

Mutual and Equity funds are valued at the last quoted sales price, except securities traded on the Nasdaq Stock Market, Inc. (NASDAQ), which are value in accordance with the NASDAQ official closing price. Over the counter securities are valued at the mean between the latest bid and asked prices as furnished by dealers who make markets in such securities. Mutual funds are classified in Level 1 while equity funds are valued in Level 2.

Corporate and foreign bonds are valued based upon quotes for similar securities; therefore, these investments are classified in Level 2.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

2. DEPOSITS AND INVESTMENTS (continued)

C. Investments and Investment Income (continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University adheres to the State Treasurer's policy for managing its exposure to fair value loss arising from increasing interest rates.

The State Treasurer's investment policy states that to the extent possible, it will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the State Treasurer will not directly invest in securities maturing more than five years from the date of purchase.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University's policy for reducing its exposure to credit risk is to comply with the State Treasurer's policy, which requires that the State Treasurer's investment in repurchase agreements be collateralized by U.S. Treasury and agency obligations. In addition, investments may be made directly in U.S. Treasuries or agency obligations.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The University's policy for reducing this risk of loss is to comply with the State Treasurer's policy, which limits the amount of repurchase agreements to be invested with a particular institution to 30% of the portfolio. Otherwise, there is no limit on the amount that may be invested in any one issuer.

Custodial Credit Risks-Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the University's deposits may not be returned. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by pledging financial institutions' trust department or agent but not in the University's name. The University does not have a formal deposit policy for custodial credit risk, but follows the State Treasurer's policy which states that the State Treasurer may deposit in a financial institution in the State, any unexpended or surplus money in which the State Treasurer has custody. As of June 30, 2018, 99% of the University's cash was deposited with the State Treasury and this was not subject to custodial risk.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

6. REVENUE BONDS PAYABLE

A. Revenue Bonds Payable

On July 15, 1993, the University issued Academic Fees and Auxiliary Facilities Fees Revenue Refunding Bonds 1993 Series (1993 Revenue Bonds), pursuant to Title 19 of the Education Article of the Annotated Code of Maryland, as amended.

On December 20, 2001, the University issued \$7,035,000 in Academic Fees and Auxiliary Facilities Fees Revenue Bonds 2001 Series (2001 Revenue Bonds), pursuant to Title 19 of the Education Article of the Annotated Code of Maryland, as amended, to provide funding toward Murphy Fine Arts Center (\$4,002,597) (retired) and Hughes Stadium (\$2,765,000) (retired). On January 9, 2003, the University issued Academic Fees and Auxiliary Facilities Fees Refunding Bonds 2003 Series (2003 Series A Bonds and 2003 Series B Bonds) (defeased), pursuant to Title 19 of the Education Article of the Annotated Code of Maryland, as amended to provide funding toward New Student Center (\$33,050,000) (defeased) and University Boiler Plant (\$4,395,000) (defeased).

On September 11, 2012, the University issued \$29,230,000 in Academic Fees and Auxiliary Facilities Fees Revenue Refunding Bonds 2012 Series (2012 Revenue Bonds), pursuant to Title 19 of the Education Article of the Annotated Code of Maryland, as amended.

The 1993 and 2012 Revenue Bonds are limited obligations of the University, payable solely from and secured by tuition, academic fees, and auxiliary facilities fees of the University. Debt issued by the University for this purpose is not debt of the State.

The 1993 and 2012 Revenue Bonds consisted of the following as of June 30, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
1993 Revenue Bonds:		
Current interest Tem bonds, maturing July 1, 2020, bearing interest of 6.10%, which is paid semiannually on January 1 and July 1	\$ 8,305,000	\$ 10,760,000
Unamortized bond premium	15,931	46,896
Total 1993 Bonds Payable	<u>8,320,931</u>	<u>10,806,896</u>
2012 Revenue Bonds		
Current interest Tem bonds, maturing July 1, 2032, bearing interest of 2.08%-5.0% which is paid semiannually on January 1 and July 1	22,880,000	24,395,000
Unamortized bond premium	3,714,359	3,960,306
Total 2012 Bond Payable	<u>26,594,359</u>	<u>28,355,306</u>
Total Revenue Bonds Payable	<u>\$ 34,915,290</u>	<u>\$ 39,162,202</u>

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

6. REVENUE BONDS PAYABLE (continued)

B. Principal and Interest Maturities

- (4) Future principal and interest payments of long-term revenue bonds (excluding the unamortized bond premium on the current interest term bonds) for the years ending June 30, were as follows:

Fiscal Year			Total
Ending	Principal	Interest	Payments
2019	\$ 4,200,000	\$ 1,506,750	\$ 5,706,750
2020	4,420,000	1,277,913	5,697,913
2021	4,640,000	1,028,365	5,668,365
2022	1,795,000	851,375	2,646,375
2023	1,410,000	771,250	2,181,250
2024-2028	6,465,000	2,903,125	9,368,125
2029-2033	8,255,000	1,071,875	9,326,875
Total	\$ 31,185,000	\$ 9,410,653	\$ 40,595,653

- (5) Pursuant to the trust agreements for both the 1993 and 1992 Revenue Bonds, the University has covenanted to perform certain actions related to the collection of fees, timely payment of debt service, maintenance of adequate insurance coverage and performance of independent audits. The University was in compliance with these covenants as of June 30, 2018 and 2017.
- (6) The University is subject to Federal arbitrage laws governing the use of these proceeds of tax-exempt debt.
- (7) As of June 30, 2018 and 2017, the trustee held restricted investments in mutual funds in the amount of \$5,009,086 and \$4,884,255, respectively. The funds in the restricted investments will be used to cover the \$5,009,078 revenue bonds debt service payments due July 1, 2018. The July 1, 2018 debt service payment will pay \$2,145,775 for the 2012 Revenue Bond Debt service and \$2,863,303 for the 1993 Revenue Bond Debt Service.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

7. COMMITMENTS AND CONTINGENCIES

A. Contingencies

- (1) In the normal course of operations, certain claims have been brought against the University, which are in various stages of resolution. In the opinion of management, based on the advice of the State's Attorney General, the claims asserted are not expected to have a material effect on the University's financial position as of June 30, 2018.
- (2) The University receives funds from various Federal and State Agencies to fund specific programs. Final determination of various amounts is subject to audit under the Federal Single Audit Act Amendments of 1996 and by the responsible agencies. University officials believe that any audit adjustments resulting from final settlements will be immaterial in relation to the University's financial resources.

B. Leases (Financed through the State of Maryland)

- (1) The University maintains capital leases primarily for equipment. As of June 30, 2018 and 2017, the net gross value of the underlying assets relating to the capital lease liability was \$847,159 and \$1,169,131, respectively.

Interest rates and administrative fees for the capital leases were as follows:

	<u>Range</u>
Interest Rates	1.0110 - 4.07%
Administrative Fees	.050 - .1120%

- (2) Future minimum lease payments under capital leases for the years ending June 30, were as follows:

<u>For the Years Ending June 30,</u>	<u>Amount</u>
2019	\$ 354,958
2020	354,578
2021	177,144
Total future minimum payments	886,680
Less: Interest	39,521
Administrative fees	1,452
Net Minimum Lease Payments	\$ 845,707

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

7. COMMITMENTS AND CONTINGENCIES (continued)

B. Leases (Financed through the State of Maryland) (continued)

- (3) Amortization expense for the assets held under capital lease was \$122,778, for each of the years ended June 30, 2018 and 2017.
- (4) The University leases certain property under non-cancelable operating leases. Future minimum lease payments under the operating leases for the years ending June 30, were as follows:

<u>For the Years Ending June 30,</u>	<u>Amounts</u>
2019	\$ 3,286,296
2020	4,078,402
2021	4,119,187
Total	<u><u>\$ 11,483,885</u></u>

- (5) Lease expense for the years ended June 30, 2018 and 2017, were \$3,230,625 and \$2,750,489, respectively.

C. Leases (Financed through Third Parties)

Lease-Purchase Agreement

Morgan State University (the “Lessee”) entered into a Lease-Purchase Agreement, dated January 22, 2016, by and between Grant Capital Management, Inc. (the “Lessor”). The Agreement states that the Lessor will deposit with Escrow Agent-BOK FINANCIAL cash in the amount of \$18,703,145. The “Escrow Fund” is to be applied from time to time to (i) pay the Vendor(s) or Manufacturer(s) of the Equipment its invoice cost and (ii) reimburse the Lessee (a portion of which may if required, be paid prior to final acceptance of the Equipment by Lessee). The Equipment Lease Purchase Agreement Contract provides Next Generation Network Upgrade, data network equipment and integrated network admissions management solution to satisfy and replaces the existing University data network infrastructure. The Lease Agreement includes hardware, software, maintenance, and service for a complete turnkey solution. The term of the agreement is for ten years. The lease agreement requires the University to make twenty semi-annual payments to Capital One Public Funding, LLC, as assigned by Grant Capital Management. As of June 30, 2018, the Principal amount is \$14,432,864; the lease financing interest amount is \$1,761,334 and the total principal with interest is \$16,194,198. The total annual principal and interest payment by the University was \$2,159,351. As of June 30, 2018 and 2017, the deposited escrow balance with the Escrow Agent- BOK FINANCIAL was \$0 and \$932, respectively. The University Next Generation Network (NGN) upgrade is completed and the vendor-Magothy Technology, LLC was paid as of May 11, 2017.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

7. COMMITMENTS AND CONTINGENCIES (continued)

C. Leases (Financed through Third Parties) (continued)

Lease-Purchase Agreement (continued)

Future minimum lease payments under the lease purchase agreement for the years ending June 30, were as follows:

<u>Fiscal Year Ending</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Payments</u>
2019	\$ 1,746,338	\$ 413,013	\$ 2,159,351
2020	1,798,235	361,116	2,159,351
2021	1,851,675	307,676	2,159,351
2022	1,906,702	252,649	2,159,351
2023	1,963,365	195,986	2,159,351
2024-2026	5,166,549	230,894	5,397,443
Total	<u>\$ 14,432,864</u>	<u>\$ 1,761,334</u>	<u>\$ 16,194,198</u>

D. Construction Commitments

As of June 30, 2018, the University had commitments of \$100,518,695, for various capital improvement projects. These include:

- a. continuation of campus wide utility upgrades,
- b. the residual vendor payments on facilities (Behavioral Social Sciences Building and School of Business Complex)
- c. athletic facility renovation,
- d. facilities maintenance and site improvement,
- e. campus-wide site improvements and ADA accessibility projects continue to be phased in over the entire campus
- f. the construction of a new Student Services building, and
- g. the new Health and Human Services building in the initial planning stages.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

8. PENSION PLANS

General Information about the Pension Plan

Plan description: Teachers employed by the University are provided with pensions through the Teacher's Pension System of the State of Maryland (TPS) – a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). Certain employees of the University are provided with pensions through the Employees Retirement System of the State of Maryland (ERS) – a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). The State Personnel and Pensions Article of the Annotated Code of Maryland (the Article) grants the authority to establish and amend the benefit terms of TPS and ERS to MSRPS Board of Trustees. MSRPS issues a publicly available financial report that can be obtained at www.sra.state.md.us/Agency/Downloads/CAFR/.

Benefits provided: A member of either the Teachers' or Employees' Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member's AFC (average final compensation) multiplied by the number of years of accumulated creditable service.

An individual who is a member of either the Teachers' or Employees' Pension System on or before June 30, 2011, is eligible of full retirement benefits upon the earlier of attaining the age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011, is eligible for full retirement benefits if the member's combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligible service.

For most individuals who retired from either the Teachers' or Employees' Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.4% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the Teachers' or Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.8% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. Beginning July 1, 2011, any new member of the Teachers' or Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Teachers' or Employees' Pension System.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

8. PENSION PLANS (continued)

General Information about the Pension Plan (continued)

Exceptions to these benefit formulas apply to members of the Employees' Pension System who are employed by a participating governmental unit that does not provide the 1998 or 2006 enhanced pension benefits or the 2011 reformed pension benefits. The pension allowance for these members' equals 0.8% of the member's AFC up to the social security integration level (SSIL), plus 1.5% of the member's AFC in excess of the SSIL, multiplied by the number of years of accumulated creditable service. For the purpose of computing pension allowances, the SSIL is the average of the social security wage bases for the past 35 calendar years ending with the year the retiree separated from service.

Early Service Retirement

A member of either the Teachers' or Employees' Retirement System may retire with reduced benefits after completing 25 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree either attains age 60 or would have accumulated 30 years or creditable service, whichever is less. The maximum reduction for members of the Teachers' or Employee's Retirement System is 30%.

An individual who is a member of either the Teachers' or Employees' Pension System on or before June 30, 2011, may retire with reduced benefits upon attaining age 55 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 62. The maximum reduction for these members of the Teachers' or Employees' Pension System is 42%. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011 may retire with reduced benefits upon attaining the age 60 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 65. The maximum reduction for these members of the Teachers' or Employees' Pension System is 30%.

Disability and Death Benefits

Generally, a member covered under retirement plan provisions who is permanently disabled after 5 years of service receives a service allowance based on a minimum percentage (usually 25%) of the member's AFC. A member covered under pension plan provisions who is permanently disabled after accumulating 5 years of eligibility service receives a service allowance computed as if service had continued with no change in salary until the retiree attained age 62. Death benefits are equal to a member's annual salary as of the date of death plus all member contributions and interest.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

8. PENSION PLANS (continued)

Contributions

Contributions: (ERS) The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 6% of their annual pay.

Contributions: (TPS) The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 7% of their annual pay. The State of Maryland is responsible for the net pension liability of TPS. The University's required contribution is for the normal cost and does not include any contribution for past service cost. As such, the State of Maryland is responsible for 100% of the net pension liability related to TPS and qualifies for as special funding situation. The State of Maryland did not make contributions on behalf of the University for the years ended June 30, 2018 and 2017.

The University's contractually required contribution rate for the years ended June 30, 2018 and 2017, \$10,586,574 and \$8,097,317 respectively, actuarially determined as an amount that, when combined with the State of Maryland and employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability (State only).

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2018 and 2017, the University reported a liability of \$71,857,509 and \$77,422,295, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017 for June 30, 2018 and as of June 30, 2016 for June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on a projection of the University's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental units, actuarially determined. As of June 30, 2018 and 2017, the University's proportion for the net pension liability was 0.352 percent and 0.349 percent, respectively.

MORGAN STATE UNIVERSITY

**Notes to the Financial Statements
June 30, 2018 and 2017**

8. PENSION PLANS (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the years ended June 30, 2018 and 2017, the University recognized pension expense of \$10,956,688 and \$11,777,920, respectively. As of June 30, 2018, the University reported deferred outflows of resources and deferred inflows of resources related to the net pension liability of the following sources:

	Deferred Outflow of Resources	Deferred Inflows of Resources
Net difference in investment earnings	\$ 8,745,940	\$ -
Change in actuarial assumptions	2,235,013	-
Net difference between projected and actual earnings on pension plan investments	-	4,234,231
Change in experience	-	4,812,219
Change in proportionate share	5,813,842	-
Contributions made subsequent to the measurement date	10,586,574	-
Total	\$ 27,381,369	\$ 9,046,450

These amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense as follows:

Year Ending June 30,	Deferred Outflows				Deferred Inflows	
	Net Difference in Investment Earnings	Change in proportionate share	Change in Assumptions	Contribution	Actual and Expected Experience	Net Difference in Investment Earnings
2019	\$ 3,413,002	\$ 1,838,920	\$ 1,118,164	\$ 10,586,574	\$ 1,429,647	\$ 2,081,068
2020	3,413,002	1,838,920	937,985	-	1,429,647	717,721
2021	1,919,936	1,838,920	89,432	-	1,082,497	717,721
2022	-	187,198	89,432	-	870,426	717,721
2023	-	109,884	-	-	-	-
Total	\$ 8,745,940	\$ 5,813,842	\$ 2,235,013	\$ 10,586,574	\$ 4,812,219	\$ 4,234,231

Information included in the MSRPS financial statements

Actuarial assumptions, long-term expected rate of return on pension plan investments, discount rate, and pension plan fiduciary net position are available at www.sra.state.md.us/Agency/Downloads/CAFR/.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

8. PENSION PLANS (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Sensitivity of the University's proportionate share of the net pension liability to changes in the discount rate.

The University's proportionate share of the net pension liability, calculated using the discount rate of 7.55 percent as of June 30, 2018, was \$71,857,509. Additionally, the University's proportionate share of the net pension liability if it were calculated using a discount rate that is 1-percentage-point lower (6.55 percent) was \$102,000,000 or 1- percentage-point higher (8.55 percent) was \$47,000,000.

Optional Retirement Plans

In addition to retirement and pension plans, the University offers optional defined benefit retirement programs for certain faculty and professional staff. The University contributes 4% to 7% of the annual salary to these plans. The amount contributed by the University for these plans for the fiscal years ended June 30, 2018 and 2017, were \$2,782,847 and \$2,682,641, respectively.

Other Post-Employment Benefits

Members of the State Retirement and Pension System of Maryland (the State System) and their dependents are provided postemployment health care benefits through the State Employee and Retiree Health and Welfare Benefits Program (the Plan). The Plan is a cost sharing defined benefit healthcare plan established by the State Personnel and Pensions Article, Section 2-501 of the Annotated Code of Maryland. The Plan is self-insured to provide medical, hospitalization, prescription drug and dental insurance benefits to eligible state employees, retirees, and their dependents. The State does not distinguish employees by employer/ State agency. Instead, the State allocates the postemployment healthcare costs to all participating employers. As such, the State has elected to maintain the entire net postemployment benefit liability as a liability of the general fund of the State and has not allocated any balances to State entities including the University.

Financial information for the Plan is included in the State of Maryland Comprehensive Annual Financial Report, which can be obtained from the Office of the Comptroller, Louis L. Goldstein Treasury Building, Annapolis, MD 21401 or http://finances.marylandtaxes.com/Where_the_Money_Comes_From/General_Revenue_Reports/default.shtml.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

8. PENSION PLANS (continued)

A separate actuarial valuation is not performed for the University. The University's only obligation to the Plan is its required annual contribution, which it has fully funded during the years ended June 30, 2018, 2017, and 2016. The amounts contributed for the years ended June 30, 2018, 2017, and 2016, were \$3,584,599, \$4,773,228 and \$4,257,268, respectively.

9. RISK MANAGEMENT

- A. The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illnesses of employees; and natural disasters. The University participates in the State's various self-insurance programs. The State is self-insured for general liability, property and casualty, workers' compensation, environmental and anti-trust liabilities, and certain employee health benefits.
- B. The State allocates the cost of providing claims servicing and claims payment by charging a "premium" to the University based on a percentage of the University's estimated current-year payroll or based on the average loss experienced by the University. This charge considers recent trends in actual claims experience of the State as a whole and makes provisions for catastrophic losses.
- C. The University records a liability when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated. Liabilities recorded include a provision for claims incurred but not reported. Because actual claims liabilities depend on complex factors such as inflation, changes in legal doctrines, and damage awards, actual claims could differ from estimates. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. Liabilities for incurred workers' compensation losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using a 4% discount rate. The provision for workers' compensation is based upon a separately determined actuarial valuation for the fiscal year ended June 30, 2018. Settlement amounts have not exceeded insurance coverage levels for the years ended June 30, 2018, 2017, or 2016.
- D. As of 2018 and 2017, the University recorded \$3,977,000 and \$4,114,000 respectively, in accrued expense liabilities associated with workers' compensation. The recorded amounts represent the actuary's allocation of the University's share of the State's overall liability under the workers' compensation program to the University.

MORGAN STATE UNIVERSITY

Notes to the Financial Statements June 30, 2018 and 2017

10. RELATED PARTY TRANSACTIONS

Morgan State University entered into a Lease Agreement with the Maryland Economic Development Corporation (MEDCO), a public instrumentality of the State of Maryland and a development company, on March 27, 2002, for the construction of a privatized apartment complex less than one-quarter mile from the center of campus. The \$38 million of tax-exempt bonds issued by MEDCO on May 1, 2002 that will mature by 2034, provides apartment-style living for approximately 780 students on a 10-acre parcel of property to address the shortage of student housing. MEDCO, subject to certain review and approval rights of the University, constructed and manages this property through contractual arrangements. The University will receive the net revenues of the project after the developer is repaid for approximately one million dollars of subordinated bonds and after permitted expenses are paid each year as outlined by the associated Bond Indenture. Once the Bonds are paid in full by the project revenue, the buildings and land improvements shall become the property of Morgan State University. The University is not liable for the repayment of the bonds or any costs related to the operation and maintenance of this project.

11. AUXILIARY ENTERPRISES

Auxiliary enterprises revenues for the years ended June 30, 2018 and 2017, were as follows:

	<u>2018</u>		<u>2017</u>	
Residential facilities	\$ 22,311,815		\$ 21,758,349	
Less: Scholarship allowances	<u>(5,945,848)</u>	\$ 16,365,967	<u>(4,926,395)</u>	\$ 16,831,954
Parking facilities	971,090		936,584	
Less: Scholarship allowances	<u>(190,656)</u>	780,434	<u>(169,035)</u>	767,549
Intercollegiate athletics	9,756,713		9,737,437	
Less: Scholarship allowances	<u>(2,270,766)</u>	7,485,947	<u>(2,043,107)</u>	7,694,330
Bookstore	1,742,622		2,365,871	
Less: Scholarship allowances	<u>(125,244)</u>	1,617,378	<u>(119,929)</u>	2,245,942
Student center	3,602,564		3,535,025	
Less: Scholarship allowances	<u>(925,553)</u>	2,677,011	<u>(812,993)</u>	2,722,032
Total		<u>\$ 28,926,737</u>		<u>\$ 30,261,807</u>

12. NATURAL CLASSIFICATIONS WITH FUNCTIONAL CLASSIFICATIONS

The University's operating expenses by functional classification were as follows for the years ended June 30, 2018 and 2017:

Functional Classification	2018			
	Natural Classification			
	Payments to Employees	Payments to Suppliers and Contractors	Depreciation	Total
Instruction	\$ 53,102,802	\$ 2,037,816	\$ 9,009,983	\$ 64,150,601
Research	18,315,537	6,069,299	1,106,073	25,490,909
Public service	299,815	128,461	150,150	578,426
Academic support	17,758,013	4,462,094	2,687,822	24,907,929
Student service	6,381,236	1,884,380	9,966	8,275,582
Institutional support	30,220,234	8,803,887	2,395,951	41,420,072
Operation and maintenance of plant	8,740,459	10,683,508	2,408,610	21,832,577
Scholarships and fellowships	428,480	10,051,972	-	10,480,452
Auxiliary enterprises	11,070,136	21,761,218	3,365,903	36,197,257
Total Expenses	\$ 146,316,712	\$ 65,882,635	\$ 21,134,458	\$ 233,333,805

Functional Classification	2017			
	Natural Classification			
	Payments to Employees	Payments to Suppliers and Contractors	Depreciation	Total
Instruction	\$ 55,888,912	\$ 2,147,433	\$ 7,443,938	\$ 65,480,283
Research	18,697,193	6,835,840	1,243,288	26,776,321
Public service	286,103	91,219	150,150	527,472
Academic support	16,698,022	5,045,454	3,039,164	24,782,640
Student service	6,012,818	1,868,851	9,966	7,891,635
Institutional support	31,736,356	9,033,364	697,793	41,467,513
Operation and maintenance of plant	8,518,846	10,705,609	2,422,912	21,647,367
Scholarships and fellowships	-	11,537,001	-	11,537,001
Auxiliary enterprises	11,127,323	20,494,794	3,432,592	35,054,709
Total Expenses	\$ 148,965,573	\$ 67,759,565	\$ 18,439,803	\$ 235,164,941

Depreciation is allocated to the functional classifications based on the composition of the University's equipment purchases. For example, if a piece of equipment was purchased using instructional funds on a budgetary basis, the depreciation for that piece of equipment is allocated to the functional classification "Instruction".
