## INDEPENDENT AUDITORS' REPORT

Board of Regents  
Morgan State University  
Baltimore, Maryland

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Morgan State University (the University), a component unit of the State of Maryland, as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

In our opinion, based on our audits and the reports of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the University, as of June 30, 2022 and 2021, and the respective changes in their financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Morgan State University Foundation, Inc., which represent 100% of the assets and revenues of the discretely presented component unit as of June 30, 2022 and 2021, and the respective changes in financial position for the years then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion insofar as it relates to the amounts included for that entity is based solely on the report of the other auditor.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Morgan State University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Emphasis of Matter*

As discussed in Note 1 to the financial statements, the 2021 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Morgan State University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Morgan State University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Morgan State University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of proportionate share of net pension liability, schedule of contributions for the pension plan, and schedule of contributions for other post-employment benefits be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of basic financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Baltimore, Maryland  
October 19, 2022

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**OVERVIEW OF THE UNIVERSITY**

Morgan State University, founded in 1867, is a Carnegie-classified high research (R2) institution providing instruction to a multiethnic, multiracial, multinational student body and offering more than 117 academic programs leading to degrees from the baccalaureate to the doctorate. As Maryland's Preeminent Public Urban Research University, Morgan fulfills its mission to address the needs and challenges of the modern urban environment through intense community-level study and pioneering solutions.

Anchored in a charming residential area of northeast Baltimore, the breadth of Morgan's expansive campus encompasses more than 185 acres extending beyond its sprawling campus proper which features state-of-the-art facilities geared toward innovative teaching and learning in the 21st century. The only university to have its entire campus, designated as a National Treasure by the National Trust for Historic Preservation, offers a safe and inviting learning environment with easy access to the best the city has to offer: culture, exhibits, dining, shopping, activities, sightseeing and employment. The off-campus opportunities also extend to community projects and civic engagement.

Morgan has graduated more than 55,000-degree candidates since its establishment more than 150 years ago, producing a passionately devoted alumni who have found success in all areas of endeavor, in the U.S. and beyond. Among the nation's most diverse Historically Black Colleges and Universities, and the largest in Maryland, Morgan seeks to ensure that the doors of higher education are opened as wide as possible to as many as possible. <https://www.morgan.edu/about>.

Morgan has emerged from fiscal year 2022 with many historical firsts; record number of applications, largest incoming first-year students for the second consecutive year, and the largest-ever student enrollment for Fall 2022. Over 650 students moved into the new 10-story residence hall housing 670 students, marking the first new residence hall in more than three decades. The newly developed Northwood Commons represents a \$50 million revitalization of the former Northwood Plaza Shopping Center, adjacent to Morgan's West Campus. The Northwood Plaza is the historical site of the 1963 arrest of 415 peaceful protestors most from Morgan, protesting the segregation of the plaza's Northwood Theatre.

**OVERVIEW OF THE FINANCIAL STATEMENTS AND FINANCIAL ANALYSIS**

The following discussion presents an overview of the financial position and financial performance of the University during the fiscal years ended June 30, 2022 and 2021, with comparative information for 2020. This discussion and analysis have been prepared by management along with the financial statements and related footnote disclosures. This discussion should be read in conjunction with, and is qualified in its entirety by, the financial statements and footnotes. The discussion and analysis is designed to focus on current activities, resulting change and currently known facts. The financial statements, footnotes and this discussion are the responsibility of management.

The annual financial report includes three financial statements: The Balance Sheet, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flow. These financial statements are prepared in accordance with applicable generally accepted accounting principles (GAAP) as established by the Governmental Accounting Standards Board (GASB), which establishes financial reporting standards for public colleges and universities. A summary of significant accounting policies followed by the University are included in Note 1 to the financial statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**OVERVIEW OF THE FINANCIAL STATEMENTS AND FINANCIAL ANALYSIS (CONTINUED)**

These financial statements focus on the financial position, results of operations, and cash flows of the University as a whole.

The basic financial statements consist of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board Statement (GASB) No. 35, *Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities*.

Effective July 1, 2020, the University adopted the requirements of GASB 87, *Leases*, and has applied the provisions of this standard to the beginning of the earliest comparative period. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

Additionally, the University has adopted Governmental Accounting Standards Board (GASB) Statement No. 39, *Determining Whether Certain Universities Are Component Units*, an amendment of GASB Statement No. 14, and included the discrete financial information of the Morgan State University Foundation, Inc. (the Foundation) in its basic financial statements. However, this management's discussion and analysis focuses on the financial information of the University. The Foundation is a private nonprofit whose purposes includes, but are not restricted to, receiving and administering funds to enhance, improve, develop, and promote the University and to benefit the University, its students, and faculty. Complete financial statements for the Foundation can be obtained from Morgan State University Foundation, Truth Hall, Room 201, 1700 East Cold Spring Lane, Baltimore, MD 21251.

**INSTITUTION FINANCIAL HIGHLIGHTS**

There are three financial statements presented for each fiscal year: The Balance Sheet; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. These statements include all assets, deferred outflows, deferred inflows, and liabilities using the accrual basis of accounting, which is similar to the accounting used by most institutions. Starting in 2015, these statements included the implementation of GASB No. 68, *Accounting and Financial Reporting for Pensions*. This accounting standard modified existing financial reporting requirements as well as established new ones for governmental entities-including public colleges and universities- that participate in defined benefit pension plans. GASB 68 dramatically changed the way that public colleges and universities account for their defined benefit plans. The primary consequence is that most institutions are reporting a much larger pension liability on their financial statements than in the past. The net pension liability as of June 30, 2022, was \$63.3 million.

As of June 30, 2022, the University had \$719.7 million in assets plus \$33.3 million in deferred financing outflows that totals \$753.0 million. This compares to the June 30, 2021 and 2020 totals of \$743.2 million and \$660.2 million, respectively. The increase in total assets were driven by an increase capital assets.

*See accompanying Notes to Financial Statements.*

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**INSTITUTION FINANCIAL HIGHLIGHTS (CONTINUED)**

As of June 30, 2022, the University had \$161.3 million in liabilities plus \$52.2 million in deferred financing inflows which totals \$213.5 million. This compares to the June 30, 2021 and 2020 totals of \$193.8 million and \$178.7 million, respectively. The changes in liabilities are primarily due to the adoption of GASB 87, *Leases* (See below) and the issuance of debt.

The University generated \$321.5 million in total revenue for the year ended June 30, 2022. This was a 4.1% decrease over the prior year and is primarily a result of the prior year HEERF debt forgiveness. Total operating expenses were \$327.6 million in 2022, an increase of 24.3%, compared to prior operating expenses of \$263.7 million and \$259.0 in 2021 and 2020, respectively. For June 30, 2022, the University's net position was \$539.4 million, a decrease of 1.8% over prior year.

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

**ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION**

The Balance Sheet presents the University's assets, deferred outflows, liabilities, deferred inflows, and net position as of the end of the fiscal year. The purpose of this statement is to present to the financial statement readers a snapshot of the University's financial position at year-end. From the data presented, readers of the Balance Sheet are able to determine the assets available to continue the University's operations. It also allows readers to determine how much the University owes vendors and creditors.

Net position is divided into three major categories. The first category, net investment in capital assets, depicts the University's equity in property, plant, and equipment owned by the University. The next category is restricted, which is divided into two categories in the financial statements, nonexpendable and expendable. Restricted nonexpendable net position consists solely of the University's permanent endowment funds and is only available for investment purposes. Expendable restricted net position is available for expenditure by the institution but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on them. The final category is unrestricted net position which is available to the institution for any lawful purpose of the institution.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION (continued)**

**STATEMENT OF NET POSITION SUMMARY (IN MILLIONS)**

	As of June 30,		
	2022	2021	2020
<b>ASSETS</b>			
Current Assets	\$ 169.1	\$ 169.8	\$ 119.9
Noncurrent Assets:			
Capital Assets, Net	548.2	540.0	508.2
Other Noncurrent Assets	2.4	2.1	9.7
Total Noncurrent Assets	<u>550.6</u>	<u>542.1</u>	<u>517.9</u>
Total Assets	<u>719.7</u>	<u>711.8</u>	<u>637.8</u>
Deferred Financing Outflows	33.3	31.4	22.4
Total Assets and Deferred Outflows	<u>\$ 753.0</u>	<u>\$ 743.2</u>	<u>\$ 660.2</u>
<b>LIABILITIES</b>			
Current Liabilities	\$ 48.1	\$ 47.2	\$ 43.7
Noncurrent Liabilities	113.2	123.4	126.2
Total Liabilities	<u>161.3</u>	<u>170.6</u>	<u>169.9</u>
Deferred Financing Inflows	52.2	23.2	8.8
Total Liabilities and Deferred Inflows	<u>213.5</u>	<u>193.8</u>	<u>178.7</u>
<b>NET POSITION</b>			
Net Investment in Capital Assets	500.1	489.3	459.9
Restricted	4.2	2.3	11.8
Unrestricted	35.2	57.8	9.8
Total Net Position	<u>539.4</u>	<u>549.4</u>	<u>481.5</u>
Total Liabilities, Deferred Inflows, and Net Position	<u>\$ 753.0</u>	<u>\$ 743.2</u>	<u>\$ 660.2</u>

Assets included in the balance sheet are classified as current and noncurrent. Current assets consist, primarily, of cash and cash equivalents, investments, and accounts receivable. Noncurrent assets consist primarily of plant and equipment known as capital assets. Current assets of \$169.1 million represented a decrease of \$.7 million, or .4% compared to an increase of \$49.9 million, or 41.6% from 2020 to 2021, primarily due to an increase in accounts receivable from the HEERF grants. Noncurrent and capital assets of \$550.6 million increased \$8.5 million and \$24.2 million, or 1.6% and 4.7% from 2022 and 2021, respectively, primarily due to the adoption of GASB 87, *Leases*.

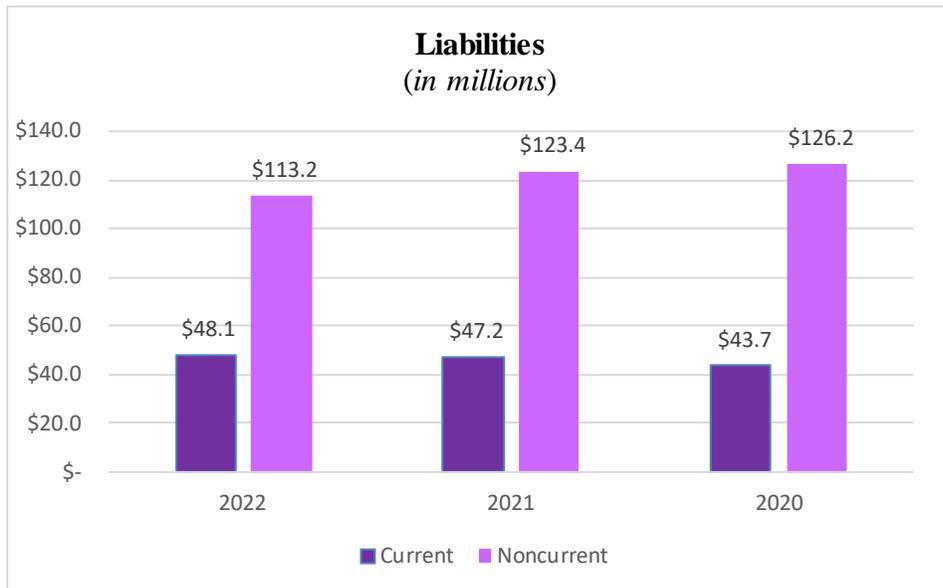

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION (continued)**

Noncurrent liabilities of \$113.2 million (2022), \$123.4 million (2021), and \$126.2 million (2020) include the net pension liability and other long-term debt.

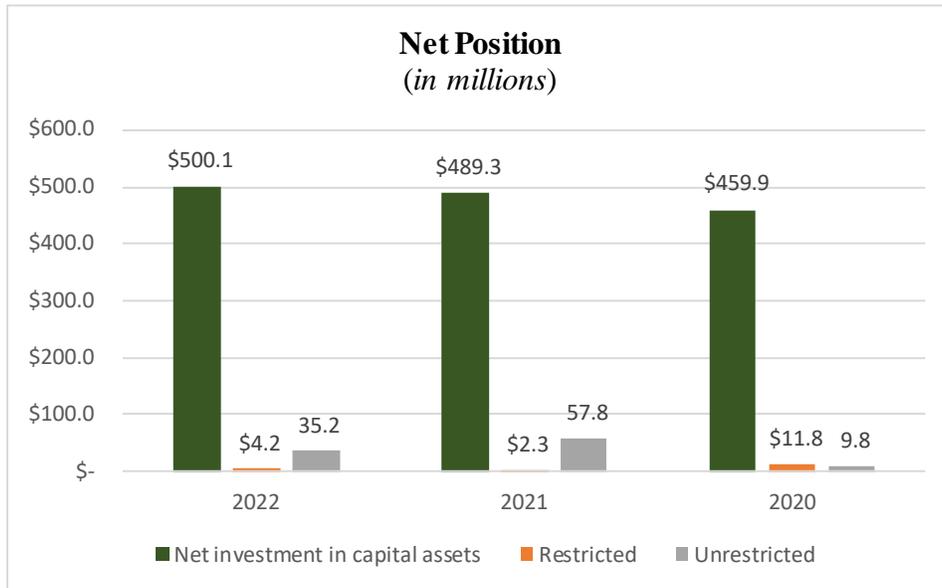

As of June 30, 2022, the University's net position was \$539.4 million, compared to \$549.4 million and \$481.5 million as of June 30, 2021 and 2020, respectively. This represents an \$10.0 million decrease or (1.8)% in net position from the June 30, 2021 net position primarily as the result of the adoption of GASB 87, *Leases*.

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION (CONTINUED)**

Net Investment in capital assets represents the University's capital assets ownership less any related obligations, while the \$4.2 million in restricted net position consists of the Federal Perkins loan program, and funds invested for capital debt service and disbursements. The University's unrestricted net position is \$35.2 million representing a \$22.6 million decrease from 2021.

Over the last three years the University's net position has been favorable increasing \$57.9 million or 12.0% over the 2019 level of \$481.5 million. This combined growth demonstrates the University's continued strengthening of its financial position.

**SUMMARY OF REVENUES AND OPERATING AND NONOPERATING EXPENSES**

Changes in total net position, as presented on the Balance Sheet, are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues received by the University, both operating and nonoperating, and the expenses paid by the University, operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the University.

Generally, operating revenues are received for providing educational learning services to students and other constituencies of the institution. Operating expenses are those expenses incurred to acquire or produce the goods and services provided in return for the operating revenues and to carry out the University's mission. Payments to employees including salaries, fringe benefits, and pension for faculty and staff are the largest type of operating expense totaling \$176.5 million or 54.0% of the total operating expenses of \$327 million.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY OF REVENUES AND OPERATING AND NONOPERATING EXPENSES (CONTINUED)**

Nonoperating revenues are revenues received for which goods and services are not provided. For example, the University's state appropriations are nonoperating because they are provided by the Maryland State Legislature without the legislature directly receiving commensurate goods and services for those revenues. All of the current year's revenues and expenses are recorded on the accrual basis of accounting.

**SUMMARY OF REVENUES (IN MILLIONS)**

	As of June 30,		
	2022	2021	2020
<b>OPERATING REVENUES</b>			
Tuition and Fees, Net	\$ 55.2	\$ 46.4	\$ 50.1
Other	88.5	50.5	58.0
Total Operating Revenues	143.7	96.8	108.1
<b>NONOPERATING REVENUES</b>			
State Appropriations	116.8	114.3	104.9
Pell Grants and Cares Award	46.9	72.8	29.5
Other Nonoperating Revenues	0.7	0.6	1.9
Total Nonoperating Revenues	164.5	187.7	136.3
<b>OTHER REVENUES</b>			
Debt Forgiveness	-	32.8	-
Other Gains	-	1.7	-
Capital Appropriations	13.4	16.9	35.0
Total Other Revenues	13.4	51.5	35.0
Total Revenues	\$ 321.5	\$ 336.0	\$ 279.4

University revenues are comprised of three major categories, operating revenue, nonoperating and other revenue. For the year ended June 30, 2022, the University's total revenues were \$321.5 million, a decrease of \$14.6 million or (4.3)% from prior year. For the year ended June 30, 2021, operating revenues of \$143.7 million increased by \$46.8 million from year ended June 30, 2020 primarily due to an increase in auxiliary fees revenue resulting from the reopening of campus, in Fall 2021.

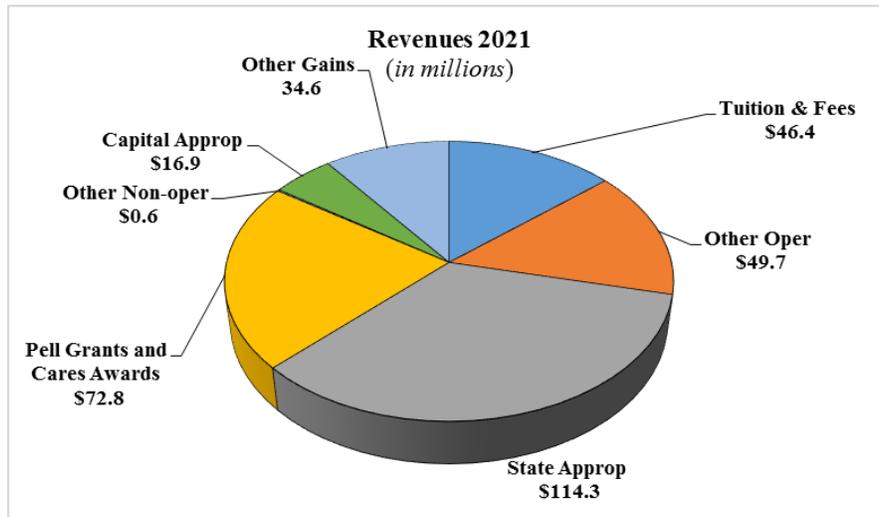

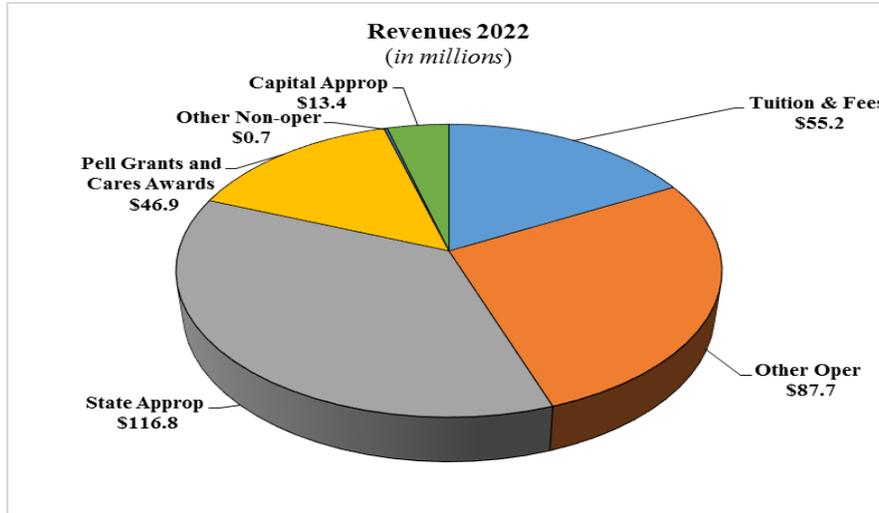

For the years ended June 30, 2022 and 2021, nonoperating revenues of \$164.5 million and \$187.7 million, decreased \$23.3 million and increased \$51.4 million, respectively, due to decreases of funds related to the COVID-19 pandemic. The State of Maryland continues to provide strong support for the University affirming the positive return on investment that Morgan State University provides to the State. Other revenues of \$13.4 million consist of capital appropriations. The capital appropriations were \$13.4 million and \$16.9 million for 2022 and 2021, respectively. The University continues to receive strong capital appropriations to improve and enhance its physical plant and to support the University's long-term capital plan. The lower capital appropriations for 2022 is due primarily to the timing of the cash flow requirements for the majority of projects funded by the State of Maryland. Capital appropriations from the State of Maryland over the last 8 years totaled \$252.5 million.

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY OF REVENUES AND OPERATING AND NONOPERATING EXPENSES (CONTINUED)**

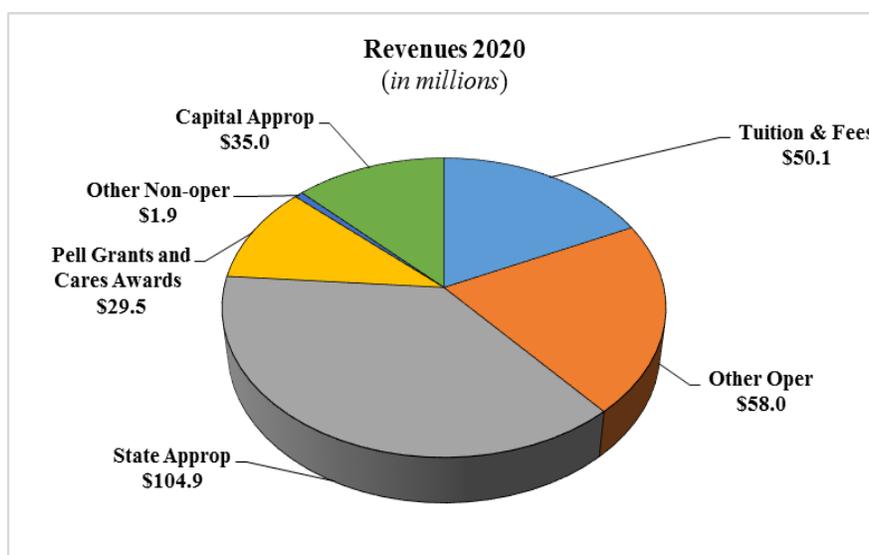

The graphs below show the University's revenue distribution by category for fiscal years 2022 and 2021. As evidenced by the graph the Universities' state appropriation and other non-operating have increased. Other operating revenue declined largely due to the impact of COVID-19 resulting in lower auxiliary related revenue.

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY OF REVENUES AND OPERATING AND NONOPERATING EXPENSES (CONTINUED)**

**SUMMARY OF OPERATING AND NONOPERATING EXPENSES (IN MILLIONS)**

Total operating and nonoperating expenses for the year ended June 30, 2022, were \$331.4 million, an increase of \$61.3 million or 22.7%.

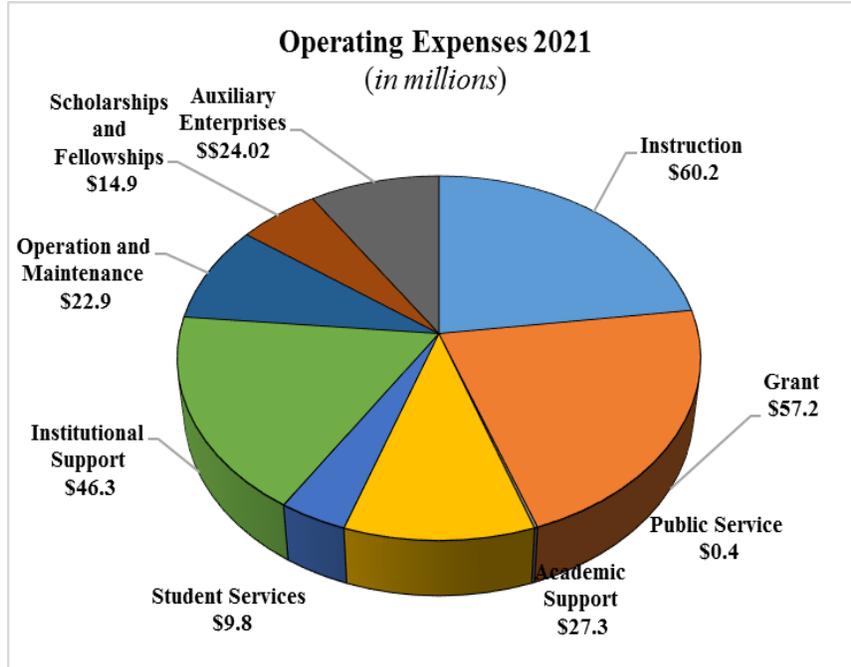

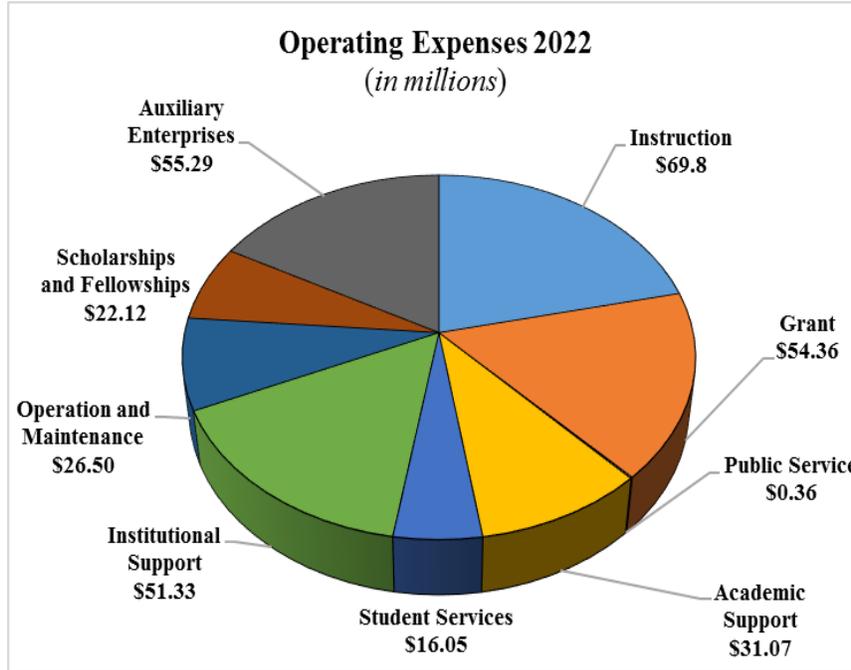

Total operating expenses increased over the previous year due mainly to the reopening of the University along with the increase in student enrollment. The enrollment increase required the University to invest in more faculty and staff, financial aid and other administrative functions to service the University student population.

	As of June 30,		
	2022	2021	2020
<b>OPERATING EXPENSES</b>			
Instruction	\$ 69.8	\$ 60.2	\$ 67.6
Grant	54.4	57.2	36.8
Public Service	0.4	0.4	0.5
Academic Support	31.1	27.3	24.6
Student Services	16.0	9.8	9.5
Institutional Support	51.3	46.3	43.5
Operation and Maintenance of Plant	26.5	22.9	24.0
Scholarships and Fellowships	22.1	14.9	14.5
Auxiliary Enterprises	56.0	24.7	38.0
Total Operating Expenses	327.6	263.7	259.0
<b>NONOPERATING EXPENSES</b>			
Interest in Indebtedness	1.2	1.8	1.3
Capital Expense	2.6	1.5	0.4
Other Expenses/ Transfers	-	3.1	-
Total Nonoperating Expenses	3.8	6.4	1.7
Total Expenses	\$ 331.5	\$ 270.1	\$ 260.6

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

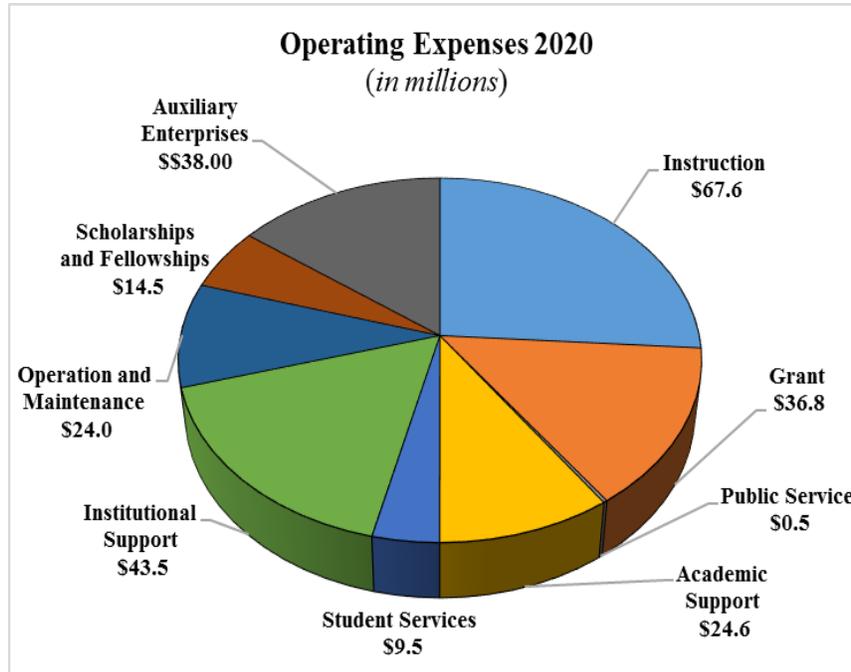

**SUMMARY OF OPERATING AND NONOPERATING EXPENSES (IN MILLIONS) (CONTINUED)**

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY OF OPERATING AND NONOPERATING EXPENSES (IN MILLIONS) (CONTINUED)**

**SUMMARY OF OPERATING RESULTS**

The University realized a decrease in its net position of \$10.0 million or (1.8)% during fiscal year 2022 primarily due to increased expenses from the campus reopening after the pandemic. The long-term financial plan places an emphasis on growing the net position. The University's financial management team continues to guide the University to meeting its long-term financial goals.

	As of June 30,		
	2022	2021	2020
<b>Net Position - Beginning of Year</b>	\$ 549.4	\$ 483.4	\$ 462.7
Total Revenues	321.5	335.4	279.4
Total Expenses	(331.5)	(269.4)	(260.6)
Increase in Net Position	(10.0)	66.0	18.8
<b>NET POSITION - END OF YEAR</b>	<u>\$ 539.4</u>	<u>\$ 549.4</u>	<u>\$ 481.5</u>

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**STATEMENTS OF CASH FLOWS SUMMARY**

The Statement of Cash Flows provides relevant information that aids in the assessment of the University's ability to generate cash to meet present and future obligations and provides detailed information reflecting the University's sources and uses of cash during the fiscal year. The statement is divided into four sections. The first section deals with operating cash flows and reflects the sources and uses to support the essential mission of the University. The second section presents cash flows from noncapital financing activities and reflects nonoperating sources and uses of cash primarily to support operations. The third section represents cash flows from capital financing activities and details the activities related to the acquisition and construction of capital assets, including related debt payments. The fourth section deals with cash flows from investing activities and includes interest on investments and sale of investments.

**SUMMARY OF CASH FLOWS (IN MILLIONS)**

	As of June 30,		
	2022	2021	2020
Cash (Used) Provided By:			
Operating Activities	\$ (129.0)	\$ (175.1)	\$ (115.9)
Noncapital Financing Activities	163.8	193.0	134.6
Capital and Related Financing Activities	(14.8)	(5.9)	(21.2)
Investing Activities	0.7	0.4	1.7
Net (Decrease)/Increase in Cash and Cash Equivalents	<u>20.7</u>	<u>12.4</u>	<u>(0.9)</u>
Cash and Cash Equivalents - Beginning of Year	<u>121.7</u>	<u>109.3</u>	<u>110.2</u>
<b>CASH AND CASH EQUIVALENTS - END OF YEAR</b>	<b><u>\$ 142.4</u></b>	<b><u>\$ 121.7</u></b>	<b><u>\$ 109.3</u></b>

The primary cash receipts from operating activities consist of tuition and fees, and auxiliary enterprises. Cash disbursements from operations include salaries and wages, benefits, supplies, utilities, maintenance, and scholarships. State appropriations are the primary source of noncapital financing. Noncapital state appropriation receipts were \$116.8 million in 2022 and \$114.3 million in 2021, and \$104.9 million in 2020.

**CAPITAL INVESTMENT ACTIVITIES**

The University continues to invest in capital assets to support the mission of the institution. With strong support from the State of Maryland, the University's five-year capital project budget totals 494 million. The plan includes the following projects:

- 1) The University is in its fourth year of a comprehensive deferred maintenance program to address a deferred maintenance backlog of over \$ 150 million.
- 2) Campus-wide utility upgrades and other renovations of key legacy buildings.
- 3) Construction of the new Science Center building - \$264.4 M.
- 4) The new Health and Human Services building - \$172.2 M.

The University has a \$92 Million deferred maintenance program underway. In addition, The University has a partnership with the Maryland Clean Energy Center to focus on energy conservation and sustainability projects. Through this partnership, the University will be establishing a strategic energy and sustainability plan with carbon reduction targets for the future. More detailed information about the University's capital assets and capital commitments are presented in Note 4 and Note 7 of the financial statements' footnotes.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**DEBT**

As of June 30, 2022, the University had \$45.8 million in outstanding long-term debt versus \$33.2 and \$44.3 million in 2021 and 2020, respectively. The table below summarizes these amounts in millions by type of debt instrument. The increase in the debt obligations is primarily due to the HBCU loan and the implementation of GASB Statement 87 as previously mentioned.

	As of June 30,		
	2022	2021	2020
Revenue Bonds	\$ -	\$ -	\$ 25.8
Loan and Note Payables	28.0	9.0	7.5
Lease Payable	17.9	23.4	11.1
Total	<u>\$ 45.8</u>	<u>\$ 32.4</u>	<u>\$ 44.3</u>

**SUMMARY AND ECONOMIC TRENDS**

During fiscal year 2022, higher education institutions experienced restitution of on-campus learning and expanded remote learning capabilities due to the unprecedented era of COVID 19 pandemic. In March 2020, Morgan, like many other institutions, moved to a remote learning and work environment following the emergency mandates of Governor Larry Hogan of the State of Maryland. The University responded with significant investments in technology to support this remote learning and work environment. Additionally, the University completed a very comprehensive cleaning and disinfecting protocol for the entire campus. In August 2021, the University campus fully opened in person for students and staff with the highest number enrolled students in Morgan's greater than 150-year history. In August 2022, Morgan exceeded Fall 2021 enrollment with a record number of applicants, the largest incoming first-year students for the second consecutive year, and the new record breaking largest-ever student enrollment.

Morgan was awarded \$126M under the Higher Education Emergency Relief Funds from the Department of Education for pandemic relief. As of June 30, 2022, \$98M of the grant funding have been used to restore lost revenue, acquire technology, expertise, and equipment, for remote learning, award student grants, award financial aid, subsidize student housing, enhance security and safety measures, and place health protocols including on-campus testing and becoming a state vaccination site. In addition, as part of the American Rescue Plan of the HEERF grants, a portion of Morgan's loans under the HBCU Capital Loan Program from the Department of Education was forgiven in the amount of \$33.7M. Morgan continues to award student grants and financial aid, enhance safety and health protocols across campus, and strengthen technology through the HEERF funding which has allowed Morgan to remain a viable and healthy higher education institution.

In October 2020, Morgan defeased the remaining public bond obligations with proceeds from a new HBUC Capital loan. In March 2021, amounts disbursed under the HBCU Capital Loan Program as of December 27, 2020 were forgiven and satisfied by the U.S. Department of Education pursuant to the Consolidated Appropriations Act of 2021 resulting in \$0 long term bond debt obligations. At June 30, 2021, the only debt outstanding related to capital leases. This positioned Morgan in a positive debt to equity position for future capital debt requirements and the implementation of GASB 87 in fiscal year 2022, which required certain operating leases to be classified as long-term debt.

*See accompanying Notes to Financial Statements.*

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY AND ECONOMIC TRENDS (CONTINUED)**

In March 2021, the Maryland State Legislature passed the HBCU settlement bill providing a total of \$577M over 10 years for Maryland's four HBCUs, therefore bringing an end to a 15-year lawsuit brought by the Coalition for Equity and Excellence in Maryland Higher Education on behalf of Maryland's HBCUs. The action taken by the legislature, with the passage of this bill, is the first significant step toward addressing the historic inequities within Maryland higher education. Morgan will invest \$15.1 million of the settlement proceeds in fiscal year 2023 with the first tranche of HBCU settlement funding. That includes \$5.8 million to hire 44 or 45 tenure track faculty members. The faculty are focused on new academic degree programs, such as cloud computing, and the seven new research centers at Morgan State, including the Cybersecurity Assurance and Policy Center. Another notable investment, \$1.5 million, is focused on students who have some college credits but no degree. Morgan State created a new college, the College of Interdisciplinary and Continuing Studies, in 2021 for students who are seeking to complete their degrees. The college has 18 new interdisciplinary degrees.

In December 2020, the Foundation received a \$40 million gift from noted venture philanthropist and author, MacKenzie Scott. The generous and transformative gift is the largest single private donation in Morgan's history and the second largest gift to any public Maryland university. The unrestricted funds are being used to support University efforts essential to student success as well as to advance research and enhance investments in other mission-focused priorities and initiatives.

In September 2021, Morgan became one step closer to opening the first new medical school affiliated with a historically Black college or university in nearly 50 years after winning state Board of Public Works approval to lease space for the school on its Baltimore campus. The proposed Maryland College of Osteopathic Medicine at Morgan State has two primary goals, increase the number of primary-care doctors entering the profession and, in turn, increase Black Baltimore residents' access to physicians that look like them.

In addition, Morgan received many other significant grants, entered into significant partnerships, and was named with numerous accolades. Here are just a few of those.

Morgan was selected as one of 14 partner institutions to participate in a \$15 million, five-year project funded by the U.S. National Science Foundation (NSF) that will engage communities in California, and the Great Lakes, Mid-Atlantic, and Southeast regions to significantly reduce food waste by 2030.

The Henry Luce Foundation awarded Morgan State University's Center for the Study of Religion and the City (CSRC) a \$250,000 grant to build upon its work in Baltimore, expanding it nationally as part of a broader effort to support the development of public education and community engagements highlighting the impact of the COVID-19 pandemic and emerging visions of the common good. This marks the third grant CSRC has received from the Foundation, bringing the total support to date to nearly \$1 million.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY AND ECONOMIC TRENDS (CONTINUED)**

Morgan's School of Computer, Mathematical and Natural Sciences (SCMNS) was awarded a five-year, \$7.5-million grant from the U.S. Department of Defense (DoD) to found the Center for Advanced Electro-Photonics with 2D Materials. Designed to explore the technological efficacy and use of emergent two-dimensional (2D) materials, The new Center will be run jointly by Morgan and Johns Hopkins University (JHU) in partnership with the JHU Applied Physics Laboratory (APL), with additional contributions from scientists at the Adelphi Laboratory Center (ALC) and Aberdeen Proving Ground (APG) research centers of the U.S. Army.

The Public Relations Society of America (PRSA), the nation's leading professional organization serving the communications community and principal advocate for industry excellence, ethical conduct and the advancement of its membered practitioners, has approved the recommendation for the School of Global Journalism and Strategic Communication's (SGJC) Department of Strategic Communication (SCOM) at Morgan State University to receive the Certification in Education for Public Relations (CEPR). Morgan is the first HBCU to earn this national recognition and is only the second university in Maryland to hold the CEPR.

Morgan State University's (MSU) Cybersecurity Assurance and Policy (CAP) Center has been awarded a \$3.2 million National Science Foundation (NSF) grant to implement the agency's novel CyberCorps® Scholarship for Service (SFS) program at Morgan, providing 24 cybersecurity scholarships to undergraduate and graduate students. As the only HBCU recipient to be awarded the grant this year, Morgan joins six other universities distinguished by the NSF to administer the CyberCorps program at their respective institutions.

Morgan received grants from **Apple** and **Google** totaling \$6.25 million that aim to create equity in tech by building a STEM pipeline at Historically Black Colleges and Universities (HBCUs).

Morgan received a \$5-million grant from Google to help create pathways and opportunities for increased diverse representation in the STEM-related professions. The one-time, unrestricted financial grant will provide Morgan with financial support for scholarships, technological infrastructure support, career readiness and curriculum development. Morgan is one of 10 institutions to receive a grant from Google and comes as part of a \$50 million commitment to build tech equity for HBCUs and foster a diverse talent pipeline in STEM fields.

The Governor's Office on Service and Volunteerism announced that Morgan State University is the first Historically Black College or University in Maryland designated as an AmeriCorps' Schools of National Service.

Morgan State University President David K. Wilson announced an end to the longtime practice of hiring contractual employees to augment the University's workforce needs and heralded the conversion of eligible existing contractual employees to full-time with benefits. In addition to offering benefits to contractual employees, the University will also increase the minimum wage for all applicable hourly workers to \$15 per hour and has increased the adjunct faculty pay to be more competitive in attracting and retaining high-quality instructors for courses at all levels.

**MORGAN STATE UNIVERSITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2022 AND 2021**

**SUMMARY AND ECONOMIC TRENDS (CONTINUED)**

Along with the additions of the new Tyler Hall, \$88M student services building completed in 2020, Morgan completed a new 670 bed state of the art student residential facility with an adjoining new dining facility for students in Fall 2022. Through a unique P-3 partnership, the Northwood shopping complex was completed in Fall 2022 and new public safety building located on this same site will open in late 2022. The ground-breaking for Morgan's new Health and Human Services Building occurred in 2021, the 208,000-square-foot, \$171-million facility is slated to open in 2024 on the former site of Turner Armory, at the northeast corner of Argonne Drive and Hillen Road.

The strengths in Morgan's commitment to student success and wellbeing, continued excellence, innovation, and focus on research, serving as an anchor institution to the Baltimore City community and beyond, expanding Morgan's global footprint, and committing to infrastructure and operational excellence will ensure that Morgan is at the fore front for proactively adjusting to changing environments and beyond. The recently developed and approved new strategic plan, Transformation Morgan 2030, will be the roadmap to enable Morgan to accomplish all of the goals and initiatives as highlighted in the MD&A for now and into the future.

Morgan is optimistically planning for the spring semester as another record number of students enrolled, record number of grants awarded, and the investment in infrastructure, technology, instructional programming, and the health and wellbeing of our campus continues.

See accompanying Notes to Financial Statements.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

Morgan State University (the University) is a modern comprehensive research university that serves the state, national, and international communities by providing its students with academic instruction, by conducting research and other activities that advance fundamental knowledge, and by disseminating knowledge to the people of Maryland and throughout the world. The University awards bachelors, master, and doctoral degrees. The University has been designated as Maryland's Preeminent Public Urban Research University of the State by the state legislature.

The University is governed by the Board of Regents (the Board), a 15-member board, as established under Title 14 of the Education Article, Annotated Code of Maryland which is appointed for a six-year term by the Governor of Maryland, except for the student regent who is appointed for a one-year term. The University is considered a component unit of the State of Maryland for financial reporting purposes and is included in the financial statements of the State of Maryland.

As required by accounting principles generally accepted in the United States of America, these financial statements present the University and its component units. The Morgan State University Foundation, Inc. (the Foundation), was organized exclusively for charitable, religious, educational, and scientific purposes. The Foundation's purposes further include, but are not restricted to, receiving and administering funds to enhance, improve, develop, promote, and to benefit the University, its students, and its faculty. The Foundation qualifies as a component unit of the University under accounting standards generally accepted in the United States of America; therefore, the activities of the Foundation are shown in these financial statements as a discretely presented component unit.

During the years ended June 30, 2022 and 2021, the Foundation distributed \$3,248,643 and \$2,035,585, to the University. Complete financial statements for the Foundation can be obtained from Morgan State University Foundation, Truth Hall, Room 201, 1700 East Cold Spring Lane, Baltimore, MD 21251.

**Measurement Focus and Basis of Accounting**

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

The statements of revenues, expenses, and changes in net position for special-purpose governments engaged in business-type activities require an operating/ nonoperating format to be used. The University has elected to report its operating expenses by functional classification. The statements of cash flows are presented using the direct method which depicts cash flows from operating activities and a reconciliation of operating cash flows to operating income.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Operating and Nonoperating Components**

Financial statement operating components include all transactions and other events that are not defined as capital and related financing, noncapital financing or investing activities. The University's principal ongoing operations determine operating activities. Operating revenues and expenses are generally associated with those activities that relate to the core activities of instruction, research and auxiliary services that form the essence of the University. Nonoperating revenues, expenses, and gains and losses represent amounts that occur regularly but are not included in operating revenues and expenses.

**Current and Noncurrent**

Current assets are defined as cash and other assets or resources commonly identified as those which are reasonably expected to be realized in cash or consumed during a normal operating cycle of business, usually one year or less, without interfering with the normal business operation. They can consist of cash, inventories, accounts receivable, notes receivable, marketable securities, and prepaid expenses which meet the conditions stated above. Current liabilities are defined as obligations whose liquidation is reasonably expected to require the use of existing resources properly classifiable as current assets, or the creation of other current liabilities. Other assets and liabilities which extend past the one-year period are classified as noncurrent.

**Cash and Cash Equivalents**

For purposes of the statements of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

**Investments**

The University accounts for its investments at fair value. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statements of revenues, expenses, and changes in net position.

**Accounts Receivable**

Accounts receivable consists of tuition and fees charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the State of Maryland. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.

**Notes Receivable**

Notes receivable consist of notes initiated through the Federal Perkins loan program. Based on the criteria of the Perkins loan program, individuals are not required to initiate their repayments until leaving the University.

**Inventories**

Inventories are carried at cost, determined under the first-in, first-out (FIFO) basis, which is not in excess of realizable value.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Capital Assets**

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation in the case of gifts and capital assets received in a service concession arrangement. Depreciation of capitalized assets is computed using the straight-line method over the estimated useful lives of the assets, as listed below.

Asset	Capitalization Threshold	Useful Life
Furniture, Fixtures, and Equipment	\$ 5,000	5 Years
Infrastructure (Roads Bridges, Tunnels, and Sidewalks)	100,000	40 Years
Buildings and Building Improvements	250,000	20 to 40 Years
Land Improvements	100,000	15 Years
Right to use assets	5,000	5 Years
Library Books	5,000	50 Years

Routine repairs, maintenance and items less than the minimum capitalization thresholds are charged to operating expense in the year in which the expense was incurred. All costs relating to the construction of capital assets owned by the University are capitalized.

The University maintains art collections, consisting primarily of donated African American art and are held for educational, research, and curatorial purposes. The collections which were acquired by contributions since the University's inception are not recognized as assets in the Balance Sheet. The art collections are not capitalized as allowed by criteria of generally accepted accounting principles of the United States of America. Each of the items are catalogued, preserved and cared for, and activities verifying their existence and assessing their condition are performed continuously.

**Deferred Outflows/Inflows of Resources**

A deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenditure) until the future period. The University recognizes deferred outflows and inflows for changes in actuarial assumptions that are being amortized over a five-year period, the difference between projected and actual experience and earnings on pension plan investments, proportionate share of contributions, contributions made subsequent to the measurement date related to pensions, and lease receivables. Deferred outflows for the year ended June 30, 2022 and 2021 were related to pensions. Deferred inflows were reported as follows:

	2022	2021
Related to Pensions	\$ 35,976,295	\$ 6,159,280
Related to Leases	422,132	540,082
Related to Service Concession Arrangements	15,787,050	16,504,644
	<u>\$ 52,185,477</u>	<u>\$ 23,204,006</u>

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Unearned Revenues**

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period, including tuition and fees received from students prior to the start of classes. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

**Accrued Vacation Costs**

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statements of net position, and as a component of expenses in the statement of revenues, expenses, and changes in net position.

**Leases-Lessee**

The University is a lessee for noncancellable leases of equipment and real estate. The University recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the Statement of Net Position. The University recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the University initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs.

Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the University determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The University uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the University generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the University is reasonably certain to exercise.
- 

The University monitors change in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the statement of net position.

**MORGAN STATE UNIVERSITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Leases-Lessor**

The University is a lessor for noncancellable leases of cell towers. The University recognizes a lease receivable and a deferred inflow of resources in the financial statements.

At the commencement of a lease, the University initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of the Maryland State Retirement and Pension System (the System) and additions to/deductions from the System's fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Service concession agreements**

Service concession agreements (SCA) are arrangements between the University (transferor) and a third party (operator) in which all of the following criteria are met:

- (a) The University conveys to the operator the right and obligation to provide public services through the use and operation of a capital asset in exchange for significant consideration. Significant consideration could be in the form of up-front payments, installment payments, a new facility or improvements to existing facility.
- (b) The operator collects and is compensated by fees from third parties.
- (c) The University has the ability to modify or approve what services the operator is required to provide, to whom services are provided, and prices or rates that can be charged for those services.
- (d) The institution is entitled to significant residual interest in the service utility of the asset at the end of the arrangement

**Net Position**

The University's net position is classified as follows:

*Net Investment in Capital Assets* – This represents the University's total investment in capital assets, net of accumulated depreciation, amortization and outstanding debt obligations related to those capital assets. To the extent, debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Restricted Net Position - Expendable* – Restricted expendable net position includes resources in which the University is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

*Restricted Net Position - Nonexpendable* – Nonexpendable restricted net position consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift investment, that the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

*Unrestricted Net Position* – Unrestricted net position represents resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the University and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff. When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**Income Taxes – University**

The University, as a political subdivision of the State of Maryland, is exempt from federal income taxes under Section 1 of the Internal Revenue Code, as amended.

**Revenue Recognition**

Revenue is recognized when earned and on an accrual basis with the establishment of corresponding accounts receivable. Tuition receivables are uncollateralized obligations of students resulting from course registration. The allowance method for accounts receivable is used to measure bad debts, which include account charge-offs. The allowance for doubtful accounts is determined based upon aging analysis and management's estimation of collectability of such accounts.

**Scholarship Discounts and Allowances**

Student tuition and fees revenues and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or non- governmental programs are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Reclassification**

Certain amounts have been reclassified from the 2021 presentation to agree to the 2022 presentation.

**Discretely Presented Component Unit of the University**

The Foundation is a private nonprofit that reports under the standards of the Financial Accounting Standards Board (FASB). As such, certain revenue recognition criteria and presentation features differ from GASB's revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial reporting entity for these differences.

**Basis of Accounting – Foundation**

The financial statements of the Foundation are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

**Pledges Receivable– Foundation**

Unconditional pledges to give represent promises from donors to contribute monies for the Foundation's programs and activities. Such pledges are recognized as support when the pledge is made. Unconditional pledges to give where payment is due in the next year are recognized at their net realizable amounts. Unconditional pledges to give where payment is due in subsequent years are recognized at the present value of their net realizable amounts, using a discount rate.

The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises to give are received. Amortization of the discounts is included in contribution revenue. As of June 30, 2022 and 2021, the discount rate was 3.6% and 1.2%, respectively, and the amount amortized was \$355,241 and \$290,258 for the years ended June 30, 2022 and 2021, respectively.

Allowances for uncollectible promises to give are estimated based on the date of the promise, the term, and the payment history.

Included in promises to give are the following restricted promises as of June 30:

	<u>2022</u>	<u>2021</u>
Promises to Give Before Unamortized Discount and Allowance for Uncollectibles	\$ 27,625,935	\$ 24,067,402
Less: Unamortized Discount	<u>355,241</u>	<u>290,258</u>
Total	27,270,694	23,777,144
Less: Allowance for Uncollectibles	<u>818,069</u>	<u>1,441,050</u>
Net Promises to Give	<u><u>\$ 26,452,625</u></u>	<u><u>\$ 22,336,094</u></u>

The Foundation wrote off \$13,069 and \$1,181,601 in uncollectible pledges during the years ended June 30, 2022 and 2021, respectively.

As of June 30, the restricted promises to give are expected to be collected as follows:

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

	2022	2021
Amounts Due In:		
One Year	\$ 6,020,452	\$ 3,519,545
Two Years	3,311,654	2,235,157
Three Years	2,839,772	1,257,880
Four Years	357,613	2,052,196
Five Years	504,351	502,624
Thereafter	14,592,093	14,500,000
Total	\$ 27,625,935	\$ 24,067,402

**Income Taxes – Foundation**

The Foundation is exempt from income taxes, except for taxes on unrelated business income, under Section 501(c)(3) of the Internal Revenue Code and related state statutes. The Foundation did not have any unrelated business income for the years ended June 30, 2022 and 2021.

Accounting principles generally accepted in the United State of America require management of an organization to evaluate tax positions taken by the organization and recognize an income tax liability if the organization has taken a position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Foundation and concluded that as of June 30, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

**Revenue and Revenue Recognition – Foundation**

Revenue is recognized when earned. Program service fees and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed or expenditures are incurred, respectively. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

**Donated Services and In-Kind Contributions – Foundation**

Volunteers contribute significant amounts of time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by accounting principles generally accepted in the United States of America. The University has allowed the Foundation to utilize office space on its campus. The utilities, water, and the space provided at no cost to the Foundation are not deemed significant. There are no amounts for utilities, water and the space reflected in the financial statements. Contributed goods are recorded at fair value at the date of donation. The Foundation records donated professional services at the respective fair values of the services received.

**MORGAN STATE UNIVERSITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Net Assets – Foundation**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

**Adoption of New Accounting Standards**

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The University adopted the requirements of the guidance effective July 1, 2020, and has applied the provisions of this standard to the beginning of the earliest comparative period presented. There was no impact on net position or change in net position as a result of the implementation.

**Correction of a Misstatement**

During the implementation of GASB 87, the University identified an arrangement that met the criteria of GASB 60, *Accounting and Financial Reporting for Service Concession Arrangements* and has applied the provision of that standard to the beginning of the earliest comparative period presented. The implementation of the Standard required the University to report a capital assets, net of accumulated depreciation and an offsetting deferred inflow of resources of \$17,222,237 as of July 1, 2021. There was no impact on net position or change in net position as a result of the implementation.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 2 DEPOSITS AND INVESTMENTS**

**Deposits in State of Maryland Cash Pool**

As of June 30, 2022 and 2021, the University's carrying value was \$141,047,072 and \$121,376,026 as compared to the amount held in the internal pooled cash account with the Maryland State Treasurer (Treasurer) in the amount of \$141,021,333 and \$121,376,191 respectively. The Treasurer has statutory responsibility for the State's cash management activities. The Treasurer maintains these and other State agency funds on a pooled basis in accordance with State statutes. The carrying amount of the University's demand and time deposits was \$124,529 and \$123,485 as compared to bank balances of \$136,918 and \$266,555, as of June 30, 2022 and 2021, respectively. These time deposits were fully insured as of June 30, 2022 and 2021.

**Investments and Restricted Cash and Cash Equivalents**

The University categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

*Level 1* – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;

*Level 2* – Valuations based on quoted prices for similar assets or liabilities in active markets or identical assets or liabilities in less active markets, such as dealer or broker markets; and

*Level 3* – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer, or broker-traded transactions.

Transactions are recorded on the trade date. Realized gains and losses are determined using the identified cost method. Any change in net unrealized gain or loss from the preceding period is reported in the statement of revenues, expenses, and changes in net position. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

The University has restricted cash and cash equivalents of \$1,264,727 and \$222,594, respectively, as of June 30, 2022 and 2021. The June 30, 2022 and 2021, restricted cash and cash equivalents were held by the Bond Trustees, the Bank of New York Mellon and Regions Bank. As of June 30, the risk disclosures of investments were classified as follows:

	2022	Rating	2021	Rating
Fidelity Treasury-Regions Bank	\$ 1,264,727	AAA	\$ 222,594	AAA

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)**

**Investments and Investment Income**

The Foundation categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Foundation had the following recurring fair value measurements as of June 30, 2022 and 2021:

	June 30, 2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Investments by Fair Value Level</b>				
Money Market Fund	\$ 11,544,166	\$ 11,544,166	\$ -	\$ -
Mutual Funds	12,680,754	12,680,754	-	-
Certificate of Deposits	1,112,061	1,112,061	-	-
U.S. Treasury Obligations	3,362,411	3,362,411	-	-
U.S. Government Securities	707,421	707,421	-	-
Municipal Obligations	1,573,988	1,573,988	-	-
Corporate & Foreign Bonds	3,677,740	-	3,677,740	-
Equity Funds	56,662,904	-	56,662,904	-
Total Equity Securities	<u>\$ 91,321,445</u>	<u>\$ 30,980,801</u>	<u>\$ 60,340,644</u>	<u>\$ -</u>

	June 30, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Investments by Fair Value Level</b>				
Money Market Fund	\$ 6,964,545	\$ 6,964,545	\$ -	\$ -
Mutual Funds	8,586,841	8,586,841	-	-
Certificate of Deposits	1,112,745	1,112,745	-	-
U.S. Treasury Obligations	2,598,290	2,598,290	-	-
U.S. Government Securities	790,975	790,975	-	-
Municipal Obligations	1,951,622	1,951,622	-	-
Corporate & Foreign Bonds	4,699,493	-	4,699,493	-
Equity Funds	72,008,364	-	72,008,364	-
Total Equity Securities	<u>\$ 98,712,875</u>	<u>\$ 22,005,018</u>	<u>\$ 76,707,857</u>	<u>\$ -</u>

Money market, certificates of deposits, common stocks, and U.S. Government obligations and securities are classified in Level 1 of the fair value hierarchy and are valued using prices quoted in active markets for those investments.

Mutual and Equity funds are valued at the last quoted sales price, except securities traded on the Nasdaq Stock Market, Inc. (NASDAQ), which are value in accordance with the NASDAQ official closing price. Over the counter securities are valued at the mean between the latest bid and asked prices as furnished by dealers who make markets in such securities. Mutual funds are classified in Level 1 while equity funds are valued in Level 2.

Corporate and foreign bonds are valued based upon quotes for similar securities; therefore, these investments are classified in Level 2.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)**

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University adheres to the State Treasurer's policy for managing its exposure to fair value loss arising from increasing interest rates.

The State Treasurer's investment policy states that to the extent possible, it will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the State Treasurer will not directly invest in securities maturing more than five years from the date of purchase.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University's policy for reducing its exposure to credit risk is to comply with the State Treasurer's policy, which requires that the State Treasurer's investment in repurchase agreements be collateralized by U.S. Treasury and agency obligations. In addition, investments may be made directly in U.S. Treasuries or agency obligations.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The University's policy for reducing this risk of loss is to comply with the State Treasurer's policy, which limits the amount of repurchase agreements to be invested with a particular institution to 30% of the portfolio. Otherwise, there is no limit on the amount that may be invested in any one issuer. The University held no investment in a single issuer greater than 5% as of June 30, 2022 and 2021.

Custodial Credit Risks-Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the University's deposits may not be returned. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by pledging financial institutions' trust department or agent but not in the University's name. The University does not have a formal deposit policy for custodial credit risk but follows the State Treasurer's policy which states that the State Treasurer may deposit in a financial institution in the State, any unexpended or surplus money in which the State Treasurer has custody. As of June 30, 2022, and 2021, 99% of the University's cash was deposited with the State Treasury and this was not subject to custodial risk.

**NOTE 3 ACCOUNTS RECEIVABLE, LEASE RECEIVABLE, ACCOUNTS PAYABLE, AND ACCRUED LIABILITIES**

Accounts receivable, accounts payable, and accrued liabilities consisted of the following as of June 30, 2022 and 2021:

**MORGAN STATE UNIVERSITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 3 ACCOUNTS RECEIVABLE, LEASE RECEIVABLE ACCOUNTS PAYABLE, AND ACCRUED LIABILITIES**

June 30, 2022	Accounts Receivable	Accounts Payable and Accrued Liabilities
Student	\$ 8,262,704	\$ 1,657,918
Federal Grants	15,683,832	-
Other Grants (Primarily State Grants)	3,834,830	-
Vendor	-	11,296,626
Employee	-	9,984,900
Other	2,514,146	143,679
Total	30,295,512	23,083,123
Less Allowance for Doubtful Accounts	4,380,725	-

Less Allowance for Doubtful Accounts	3,238,603	-
Total	\$ 47,522,190	\$ 25,917,041

**Lease Receivables**

The University, acting as lessor, leases cell towers under long-term, non-concealable lease arrangement. These leases expire at various dates through 2030 and provide for renewal options. During the years ended June 30, 2022, the University recognized \$140,830 and \$17,208 in lease revenue and interest revenue, respectively.

Future minimum lease payments under the lease were as follows:

Fiscal Year Ending June 30,	Principal	Interest	Payments
2023	\$ 86,139	\$ 14,284	\$ 100,423
2024	67,942	11,783	79,725
2025	67,942	9,149	77,091
2026	51,158	7,092	58,250
2027	34,373	5,674	40,047
2027	87,157	7,129	94,286
Total	\$ 394,711	\$ 55,111	\$ 449,822

Deferred Inflows related to lease receivables were \$394,711 and \$492,374 as of June 30, 2022 and 2021, respectively.

**MORGAN STATE UNIVERSITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 4 CAPITAL ASSETS**

The following were the changes in capital assets for the years ended June 30, 2022 and 2021:

Additional information regarding Revenue Bonds Payable is included at Note 6. Additional information regarding Lease Liabilities is included at Note 7.

**NOTE 6 REVENUE BONDS, LOANS AND NOTE PAYABLE**

**Revenue Bonds Payable**

On September 11, 2012, the University issued \$29,230,000 in Academic Fees and Auxiliary Facilities Fees Revenue Refunding Bonds 2012 Series (2012 Revenue Bonds), pursuant to Title 19 of the Education Article of the Annotated Code of Maryland, as amended.

The 2012 Revenue Bonds are limited obligations of the University, payable solely from and secured by tuition, academic fees, and auxiliary facilities fees of the University. Debt issued by the University for this purpose is not debt of the State.

Pursuant to the trust agreements for both the 1992 Revenue Bonds, the University has covenanted to perform certain actions related to the collection of fees, timely payment of debt service, maintenance of adequate insurance coverage and performance of independent audits. The University was in compliance with these covenants as of June 30, 2022 and 2021.

The University is subject to Federal arbitrage laws governing the use of these proceeds of tax-exempt debt.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 6 REVENUE BONDS, LOANS AND NOTE PAYABLE (CONTINUED)**

As of June 30, 2022 and 2021, the trustee held restricted cash and cash equivalents in mutual funds in the amount of \$1,264,727 and \$222,594, respectively. The funds in the restricted accounts will be used to cover capital projects costs debt service payments.

**Historically Black Colleges and Universities (HBCU) Loan Payable**

In fiscal year 2019, Morgan State University initiated \$25,000,000 Future Advance Project Funding Bonds, Series A 2018-5 HBCU Loan for University Projects. The Loan Agreement was dated November 14, 2018.

When the Trustee disburses funds from this loan Account to the University, the Trustee reimburses the University for incurred expenses paid by the University for construction and/or renovation projects. Interest is only incurred after disbursement funds are sent to the University by the Trustee. Each installment disbursement has its own Debt Service Payment Schedule. The draws are interest only until January 2023, at which time principal and interest payments are due. The outstanding balance on the loan was \$7,518,965 as of June 30, 2020. In October 2020, the outstanding loan balance of \$8,380,157 was forgiven by the Lender pursuant to the Consolidated Appropriations Act, 2021 (Pub. L. 116-260).

In October 2020, the University issued Series A 2020-5, 2020-6 and 2020-7 Future Advance Project Funding Bonds for \$21,250,000, \$16,500,000 and \$32,000,000, respectively. The 2020-5 Series was utilized to advance refund the 2012 Revenue bonds. As a result of the refunding, the University decreased its total debt service requirements by \$23,970,750 which resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$3,075,833. The proceeds from the Series 2020-6 and 2020-7 series was issued for financing various construction and deferred maintenance projects. As of March 2020, the outstanding balance of \$25,314,928 (\$20,894,917, \$168,168, and \$4,251,843 on the Series A 2020-5, 2020-6 and 2020-7, respectively) were forgiven by the Lender pursuant to the Consolidated Appropriations Act, 2021 (Pub. L. 116-260). During the year ended June 30, 2022 the University drew down \$20,829,058 of the loan.

**Note Payable**

Morgan State University entered into a Purchase Agreement, dated January 22, 2016, by and between Grant Capital Management, Inc. (GCM). The Agreement states that the University will deposit with Escrow Agent-BOK FINANCIAL cash in the amount of \$18,703,145. The "Escrow Fund" is to be applied from time to time to (i) pay the Vendor(s) or Manufacturer(s) of the Equipment its invoice cost and (ii) reimburse the Lessee (a portion of which may if required, be paid prior to final acceptance of the Equipment by the University). The Equipment Purchase Agreement Contract provides Next Generation Network Upgrade, data network equipment and integrated network admissions management solution to satisfy and replaces the existing University data network infrastructure. The Agreement includes hardware, software, maintenance, and service for a complete turnkey solution. The term of the agreement is for ten years. The agreement requires the University to make twenty semi-annual payments to Capital One Public Funding, LLC, as assigned by Grant Capital Management.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 6 REVENUE BONDS, LOANS AND NOTE PAYABLE (CONTINUED)**

A summary of the terms of the agreement is listed below:

Type	Annual Installments	Interest Rates	Due Dates
Information Technology Equipment Purchase	\$1,079,675	1.01 - 4.07%	10/1/2025

Future minimum payments under the purchase agreement for the years ending June 30, were as follows:

Fiscal Year Ending June 30,	Principal	Interest	Payments
2023	\$ 1,963,365	\$ 195,986	\$ 2,159,351
2024	2,021,711	137,640	2,159,351
2025	2,081,790	77,559	2,159,349
2026	1,063,981	15,694	1,079,675
Total	<u>\$ 7,130,847</u>	<u>\$ 426,879</u>	<u>\$ 7,557,726</u>

**NOTE 7 LEASES**

The University leases equipment as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. See note 4 for the related assets and amortization for right to use assets. A summary of the lease are listed below:

Type	Annual Installments	Interest Rates	Due Dates
Leases with options to purchase equipment	\$4,108 - \$39,054	4.00%	4/1/2024-12/1/2024
Real Estate leases	\$1,157 - \$491,079	4.00%	7/1/2022-7/1/2025

Future minimum lease payments under the lease agreements for the years ending June 30, 2022, were as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Payments
2023	\$ 5,527,387	\$ 594,705	\$ 6,122,092
2024	5,877,619	367,355	6,244,974
2025	6,013,701	127,916	6,141,617
2026	484,557	-	484,557
Total	<u>\$ 17,903,264</u>	<u>\$ 1,089,976</u>	<u>\$ 18,993,240</u>

**NOTE 8 COMMITMENTS AND CONTINGENCIES**

**Contingencies**

In the normal course of operations, certain claims have been brought against the University, which are in various stages of resolution. In the opinion of management, based on the advice of the State's Attorney General, the claims asserted are not expected to have a material effect on the University's financial position as of June 30, 2022.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 8 NOTE 8 COMMITMENTS AND CONTINGENCIES (CONTINUED)**

The University receives funds from various Federal and State Agencies to fund specific programs. Final determination of various amounts is subject to audit under the Federal Single Audit Act Amendments of 1996 and by the responsible agencies. University officials believe that any audit adjustments resulting from final settlements will be immaterial in relation to the University's financial resources.

**Construction Commitments**

As of June 30, 2022, the University had commitments of approximately \$88 million for various capital improvement projects. These include:

- (a) complete equipping the new Student Services building
- (b) the new Health and Human Services building in the initial planning stages
- (c) residual vendor payments on facilities (Behavioral Sciences Building and School of Business complex)
- (d) continuation of campus wide utility upgrades,
- (e) facilities maintenance and site improvement, and
- (f) campus-wide site improvements and ADA accessibility projects continue to be phased in over the entire campus

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS**

**General Information about the Pension Plan**

*Plan Description:* Teachers employed by the University are provided with pensions through the Teacher's Pension System of the State of Maryland (TPS) – a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). Certain employees of the University are provided with pensions through the Employees Retirement System of the State of Maryland (ERS) – a cost-sharing multiple- employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). Police employees or any cadet of the Maryland State Police may participate in the State Police Retirement System (PRS) – a cost-sharing multiple- employer defined benefit pension plan administered by the MSRPS.

The State Personnel and Pensions Article of the Annotated Code of Maryland (the Article) grants the authority to establish and amend the benefit terms of TPS and ERS to MSRPS Board of Trustees. MSRPS issues a publicly available financial report that can be obtained at [www.sra.state.md.us/Agency/Downloads/CAFR/](http://www.sra.state.md.us/Agency/Downloads/CAFR/).

*Benefits Provided:* A member of either the Teachers' or Employees' Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member's AFC (average final compensation) multiplied by the number of years of accumulated creditable service.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

**General Information about the Pension Plan (Continued)**

An individual who is a member of either the Teachers' or Employees' Pension System on or before June 30, 2011, is eligible of full retirement benefits upon the earlier of attaining the age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011, is eligible for full retirement benefits if the member's combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligible service.

An individual who is a member of the State Police Retirement System is eligible for full retirement benefits upon the earlier of attaining age 50 or accumulating 22-25 years of eligibility service regardless of age. The annual retirement allowance equals 2.55% of the member's AFC multiplied by the number of years of accumulated creditable service and may not exceed 71.4% of the member's AFC.

For most individuals who retired from either the Teachers' or Employees' Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.4% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the Teachers' or Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.8% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. Beginning July 1, 2011, any new member of the Teachers' or Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Teachers' or Employees' Pension System.

Exceptions to these benefit formulas apply to members of the Employees' Pension System who are employed by a participating governmental unit that does not provide the 1998 or 2006 enhanced pension benefits or the 2011 reformed pension benefits. The pension allowance for these members' equals 0.8% of the member's AFC up to the social security integration level (SSIL), plus 1.5% of the member's AFC in excess of the SSIL, multiplied by the number of years of accumulated creditable service. For the purpose of computing pension allowances, the SSIL is the average of the social security wage bases for the past 35 calendar years ending with the year the retiree separated from service.

**Early Service Retirement**

A member of either the Teachers' or Employees' Retirement System may retire with reduced benefits after completing 25 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree either attains age 60 or would have accumulated 30 years or creditable service, whichever is less. The maximum reduction for members of the Teachers' or Employee's Retirement System is 30%.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

An individual who is a member of either the Teachers' or Employees' Pension System on or before June 30, 2011, may retire with reduced benefits upon attaining age 55 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 62. The maximum reduction for these members of the Teachers' or Employees' Pension System is 42%. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011 may retire with reduced benefits upon attaining the age 60 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 65. The maximum reduction for these members of the Teachers' or Employees' Pension System is 30%.

Members of the State Police Systems are not eligible for early service benefits.

**Disability and Death Benefits**

Generally, a member covered under retirement plan provisions who is permanently disabled after 5 years of service receives a service allowance based on a minimum percentage (usually 25%) of the member's AFC. A member covered under pension plan provisions who is permanently disabled after accumulating 5 years of eligibility service receives a service allowance computed as if service had continued with no change in salary until the retiree attained age 62. Death benefits are equal to a member's annual salary as of the date of death plus all member contributions and interest.

**Contributions**

*Contributions:* (ERS) The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 6% of their annual pay.

*Contributions:* (TPS) The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 7% of their annual pay. The State of Maryland is responsible for the net pension liability of TPS. The University's required contribution is for the normal cost and does not include any contribution for past service cost. As such, the State of Maryland is responsible for 100% of the net pension liability related to TPS and qualifies for as special funding situation. The State of Maryland did not make contributions on behalf of the University for the years ended June 30, 2022 and 2021.

*Contributions:* (PRS) The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 8% of their annual pay.

The University's contractually required contribution rate for the years ended June 30, 2022 and 2021, \$10,728,829 and \$10,080,992, respectively, actuarially determined as an amount that, when combined with the State of Maryland and employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability (State only).

**MORGAN STATE UNIVERSITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

As of June 30, 2022 and 2021, the University reported a liability of \$63,300,372 and \$85,852,242, respectively, for its proportionate share of the net pension liability. The liability is inclusive of the University's share of the net pension liability for the ERS, TPS and PRS Plans. The net pension liability was measured as of June 30, 2021 for June 30, 2022 and as of June 30, 2020 for June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on a projection of the University's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental units, actuarially determined. As of June 30, 2022 and 2021, the University's proportion for the net pension liability was 0.422% and 0.426%, respectively.

For the years ended June 30, 2022 and 2021, the University recognized pension expense of \$5,363,119 and \$4,902,302, respectively. As of June 30, 2022, the University reported deferred outflows of resources and deferred inflows of resources related to the net pension liability of the following sources:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes in Actuarial Assumptions	\$ 12,108,285	\$ 1,223,703
Net Difference Between Projected and Actual		
Earnings on Pension Plan Investments	-	29,507,256
Differences between Expected and Actual Experience	-	3,765,473
Change in Proportionate Share	4,665,852	103,786
Change in Proportion	5,770,067	1,376,077
Contributions Made Subsequent to the Measurement Date	10,724,829	-
Total	<u>\$ 33,269,033</u>	<u>\$ 35,976,295</u>

These amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense as follows:

Year Ending June 30,	<u>Deferred Outflows</u>			
	<u>Difference Between Projected and Actual Earnings</u>	<u>Change in Proportionate Share</u>	<u>Changes in Assumptions</u>	<u>Change in Proportion</u>
2023	\$ -	\$ 2,387,868	\$ 2,792,021	\$ 1,646,443
2024	-	2,277,984	2,666,069	1,646,443
2025	-	-	2,666,069	1,646,443

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

**Actuarial Assumptions**

The total pension liability in the actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2022	2021
Valuation Date	June 30, 2021	June 30, 2020
Inflation - General	2.25%	2.6%
Inflation - Wage	2.75%	3.1%
Salary Increases	3.1% to 11.6%, Including Inflation	3.1% to 11.6%, Including Inflation
Investment Rate of Return	6.80%	7.40%
Mortality Rates	Pub-2010 Mortality Tables with projected generational mortality improvements based on the MP-2018 fully generational mortality improvement scale	Pub-2010 Mortality Tables with projected generational mortality improvements based on the MP-2018 fully generational mortality improvement scale

The economic and demographic actuarial assumptions used in the June 30, 2021 valuation were adopted by the System's Board of Trustees based upon review of the System's experience study for the period 2014-2018, after completion of the June 30, 2018 valuations. Assumptions from the experience study including investment return, inflation, COLA increases, mortality rates, retirement rates, withdrawal rates, disability rates and rates of salary increase were adopted by the Board for the first use in the actuarial valuation as of June 30, 2021. As a result, an investment return assumption of 6.80% and an inflation assumption of 2.25% were used in the June 30, 2021 valuation.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-range expected rate of return by weighting the expected future real rates by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the Board after considering input from the System's investment consultant(s) and actuary(s). For each major asset class that is included in the System's target asset allocation, these best estimates are summarized in the following tables:

Asset Class	2022	
	Target Allocation	Long-Term Expected Real Rate of Return
Public Equity	37.0 %	4.70 %
Private Equity	13.0	6.50
Rate Sensitive	19.0	(0.40)
Credit Opportunity	9.0	2.60
Real Assets	14.0	4.20
Absolute Return	8.0	2.00
Total	<u>100.0 %</u>	

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

Asset Class	2021	
	Target Allocation	Long-Term Expected Real Rate of Return
Public Equity	37.0 %	5.20 %
Private Equity	13.0	6.50
Rate Sensitive	19.0	(0.30)
Credit Opportunity	9.0	2.80
Real Assets	14.0	4.30
Absolute Return	8.0	1.80
Total	100.0 %	

The above was the System's Board of Trustees adopted asset allocation policy and best estimate of geometric real rates for each major asset class as of June 30, 2021.

For the years ended June 30, 2022 and 2021, the annual money-weighted rate of return on pension plan investments, net of the pension plan expense was 26.69% and 3.50%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Discount Rate**

The single discount rate used to measure the total pension liability was 6.8% and 7.40% as of June 30, 2021 and 2020, respectively. This single discount rate was based on the expected rate of return on pension plan investments of 6.8% and 7.40% as of June 30, 2021 and 2020, respectively. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability**

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the University's net pension liability, calculated using a single discount rate that is 1-percentage-point lower and 1- percentage-point higher as of June 30, 2022 and 2021:

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

	2022		
	1% Decrease (5.80%)	Current Discount Rate (6.80%)	1% Increase (7.80%)
University's Proportionate Share	\$ 107,809,405	\$ 63,300,372	\$ 26,380,423
	2021		
	1% Decrease (6.40%)	Current Discount Rate (7.40%)	1% Increase (8.40%)
University's Proportionate Share	\$ 122,224,566	\$ 85,852,242	\$ 55,557,512

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued System's financial report available at [www.sra.state.md.us/Agency/Downloads/CAFR/](http://www.sra.state.md.us/Agency/Downloads/CAFR/).

**Optional Retirement Plans**

In addition to retirement and pension plans, the University offers optional defined contribution retirement programs for certain faculty and professional staff. The University contributes 4% to 7% of the annual salary to these plans. The amount contributed by the University for these Plans for the fiscal years ended June 30, 2022 and 2021, were \$3,319,089 and \$3,035,539, respectively.

**Other Postemployment Benefits**

Members of the State Retirement and Pension System of Maryland (the State System) and their dependents are provided postemployment health care benefits through the State Employee and Retiree Health and Welfare Benefits Program (the Plan), which is administered by the Department of Budget and Management. The Plan is a single employer defined benefit healthcare plan established by the State Personnel and Pensions Article, Section 2-501 of the Annotated Code of Maryland. The Plan is self-insured to provide medical, hospitalization, prescription drug and dental insurance benefits to eligible state employees, retirees, and their dependents. The Secretary of the Department of Budget and Management has the authority to establish/amend benefit terms. The State does not distinguish employees by employer/ State agency. Instead, the State allocates the postemployment healthcare costs to all participating employers. As such, the State has elected to maintain the entire net postemployment benefit liability as a liability of the general fund of the State and has not allocated any liability to State entities, including the University, and as a result, did not require a contribution.

Financial information for the Plan is included in the State of Maryland Comprehensive annual Financial Report, which can be obtained from the Office of the Comptroller, Louis L. Goldstein Treasury Building, Annapolis, MD 21401 or <https://finances.marylandtaxes.gov/Where the Money Comes From/General Revenue Reports/default.shtml>.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 9 PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)**

A separate actuarial valuation is not performed for the University. The statutorily required employer contribution for the years ended June 30, 2022, 2021, and 2020 was \$5,460,186, \$4,574,806, and \$4,315,836, respectively.

The contribution recognized by the OPEB plan in relation to statutorily required employer contribution for the years ended June 30, 2022, 2021, and 2020 was \$5,460,186, \$4,574,806, and \$4,315,836, respectively.

Payroll for employees covered in OPEB for the years ended June 30, 2022, 2021, and 2020 was \$100,469,194, \$97,577,437, and \$87,923,660, respectively. The percentage amount of contributions recognized by the OPEB plan as related to the statutorily required employer contribution of covered-employee payroll is 5.43%, 4.69%, and 4.91%, respectively (See Schedule of Other Postemployment Benefits (OPEB) in the "Required Supplementary Information" section).

**NOTE 10 RISK MANAGEMENT**

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illnesses of employees; and natural disasters. The University participates in the State's various self-insurance programs. The State is self-insured for general liability, property and casualty, workers' compensation, environmental and anti-trust liabilities, and certain employee health benefits.

The State allocates the cost of providing claims servicing and claims payment by charging a "premium" to the University based on a percentage of the University's estimated current-year payroll or based on the average loss experienced by the University. This charge considers recent trends in actual claims experience of the State as a whole and makes provisions for catastrophic losses.

The University records a liability when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated. Liabilities recorded include a provision for claims incurred but not reported. Because actual claims liabilities depend on complex factors such as inflation, changes in legal doctrines, and damage awards, actual claims could differ from estimates. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. Liabilities for incurred workers' compensation losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using a 4% discount rate. The provision for workers' compensation is based upon a separately determined actuarial valuation for the fiscal year ended June 30, 2022. Settlement amounts have not exceeded insurance coverage levels for the years ended June 30, 2022, 2021, or 2020.

As of 2022 and 2021, the University recorded \$3,089,000 and \$ 3,161,000, respectively, in accrued expense liabilities associated with workers' compensation. The recorded amounts represent the actuary's allocation of the University's share of the State's overall liability under the workers' compensation program to the University.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 11 SERVICE CONCESSION ARRANGEMENTS**

Morgan State University entered into a Lease Agreement with the Maryland Economic Development Corporation (MEDCO), a public instrumentality of the State of Maryland and a development company, on March 27, 2002, for the construction of a privatized apartment complex less than one-quarter mile from the center of campus. The \$38 million of tax-exempt bonds issued by MEDCO on May 1, 2002 that will mature by 2034, provides apartment-style living for approximately 780 students on a 10-acre parcel of property to address the shortage of student housing. MEDCO, subject to certain review and approval rights of the University, constructed and manages this property through contractual arrangements. The University will receive the net revenues of the project after the developer is repaid for approximately one million dollars of subordinated bonds and after permitted expenses are paid each year as outlined by the associated Bond Indenture. Once the Bonds are paid in full by the project revenue, the buildings and land improvements shall become the property of Morgan State University. The University is not liable for the repayment of the bonds or any costs related to the operation and maintenance of this project. The University reports capital assets and deferred inflows of resources pursuant to the service concession agreement as follows.

	<u>2022</u>	<u>2021</u>
Buildings (Morganview SCA), net of depreciation	\$ 15,787,050	\$ 16,504,644
Deferred inflow, net of amortization	\$ 15,787,050	\$ 16,504,644

The deferred inflow is recognized as revenue ratably over the forty-year term of the agreement.

On December 1, 2020, the University amended its Lease Agreement with the Maryland Economic Development Corporation (MEDCO), for the construction of a complex to include a privatized apartment and a dining hall facility. The project, currently under construction on the University's main campus, includes 670 beds of replacement housing (the "Student Housing Facility") to be owned by MEDCO until the related bonds are paid in full.

Also, the project includes an approximately 30,000 square foot replacement dining and retail facility to be owned by the University (the "Dining Facility"). Collectively, the complex will be known as the "Thurgood Marshall Project."

The \$96 million Thurgood Marshall Project is financed with a combination of tax-exempt bonds issued by MEDCO on December 2, 2020 that will mature fully by 2056, for the Student Housing Facility and a loan by the university under the HBCU Capital Finance Loan Program for the Dining Facility. MEDCO, subject to certain review and approval rights of the University, is constructing and will manage this property through contractual arrangements. The University will receive annual rent equal to net available cash flow beginning for the lease year ending June 30, 2023 paid from the surplus fund after permitted expenses are paid each year as outlined by the associated Bond Indenture. Once the Bonds are paid in full by the project revenue, the buildings and land improvements shall become the property of Morgan State University. The University is not liable for the repayment of the bonds or any costs related to the operation and maintenance of this project.

The Thurgood Marshall project is expected to be completed August 22, 2022.

**MORGAN STATE UNIVERSITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022 AND 2021**

**NOTE 11 SERVICE CONCESSION ARRANGEMENTS (CONTINUED)**

As of June 30, 2022 and 2021, the University had construction in progress related to the Dinning Facility of \$16,390,727 and \$3,637,469.

As of June 30, 2022 and 2021, the University had receivables of \$1,376,865 and \$712,799 outstanding from MEDCO.

**NOTE 12 AUXILIARY ENTERPRISES**

Auxiliary enterprises revenues for the years ended June 30, 2022 and 2021, were as follows:

2022			
Auxiliary Enterprises Revenue Category	Gross Amount	Scholarship Allowances	Net Balance
Residential Facilities	\$ 35,645,826	\$ 11,340,600	\$ 24,305,226

Depreciation is allocated to the functional classifications based on the composition of the University's equipment purchases. For example, if a piece of equipment was purchased using instructional funds on a budgetary basis, the depreciation for that piece of equipment is allocated to the functional classification "Instruction."
