

**Articulation Agreement
Between
Highline Community College
and
Morgan State University**

1. Morgan State University (“Morgan”) assures the acceptance of any Highline Community College (“ Highline”) associate degree graduates or student having twenty-four (24) credits and having earned a grade point average of 2.5 or better (on a 4.0 scale) into Morgan as an undergraduate student. Students who are admitted with 70 acceptable transferable credits shall be classified as juniors if they have met or exceed the Morgan general education requirements.
2. Highline transfer students will receive academic credit for acceptable college-level courses applied toward the requirements of the associate degree, excluding D grades. A maximum of seventy (70) credits will be accepted for transfer given the requirements of provision number (1) above.
3. It is understood that if a student does not have the foundation or skill to enroll in an upper level course because he/she has not taken pre-requisite(s) or has not met general education requirements, he/she will be required to take the necessary course(s). Therefore, Morgan cannot assure every student the completion of requirements for the baccalaureate degree in four (4) semesters.
4. The Morgan catalog contains all pertinent information regarding degree requirements. Students wishing to plan their associate degree programs to ensure meeting prerequisites for upper division courses are encouraged to communicate early with the transfer counselor at Highline to secure specific information about transfer credits.
5. This Articulation Agreement will be reviewed annually and may be revised by mutual consent. A course program is attached.
6. This Articulation Agreement is expected to continue in force indefinitely, but may be terminated by either party with no less than one (1) year’s notice.
