Commencement 2012

W. A. C. Hughes Memorial Stadium
Morgan State University
Baltimore, Maryland
The Nineteenth of May, Two Thousand and Twelve
Ten O’clock in the Morning
To Our Guests

Welcome to the 136th annual Commencement Exercises of Morgan State University. The University solicits your cooperation in helping to sustain the dignity and solemnity of this happy occasion. We respectfully request that you refrain from engaging in conversation as well as moving about while the Commencement Exercises are in progress. Once the exercises have begun, only members of the authorized working press and authorized photographers are permitted on the Stadium field.

We ask our guests to stand as the academic procession moves into the Stadium and to remain standing until after the singing of the Anthem.

Thank you.
**Anthem**

**LIFT EV’RY VOICE AND SING**

Lift ev’ry voice and sing  
Till earth and heaven ring,  
Ring with the harmonies of liberty;  
Let our rejoicing rise  
High as the list’ning skies.  
Let it resound loud as the rolling sea.  
Sing a song full of the faith that  
the dark past has taught us.  
Sing a song full of the hope that  
the present has brought us;  
Facing the rising sun  
of our new day begun,  
Let us march on till victory is won.  

God of our weary years,  
God of our silent tears,  
Thou who has brought us thus far on the way.  
Thou who has by Thy might,  
Led us into the light,  
Keep us forever in the path, we pray.  
Lest our feet stray from the places,  
Our God, where we met Thee.  
Lest our hearts, drunk with the wine  
of the world, we forget Thee;  
Shadowed beneath Thy hand,  
May we forever stand,  
True to our God, True to our Native land.

---

**The Alma Mater**

I.  
Fair Morgan, we love thee, so tried and so true,  
Our hearts at thy name thrill with pride;  
We owe thee allegiance, we pledge thee our faith,  
A faith which shall ever abide.  

Chorus  
We pledge thee our love, we pledge thee our faith,  
Whatever the future may bring,  
And thus our devotion, fidelity too,  
And homage we pay as we sing.  

II.  
Fair Morgan, as onward the years quickly fly,  
And thou livest in memory sweet.  
We bring thee our laurels whatever they be,  
And lay them with joy at thy feet.  

Chorus

**Alumni Oath of Allegiance**

I hereby solemnly pledge unbroken allegiance to Alma Mater in appreciation for opportunities for development afforded me as a student at Morgan State University.  

I pledge active membership in the National Alumni Association wherever I may be. Through association with fellow alumni, I shall ever do my best to uphold the ideals and traditions of Alma Mater.  

I pledge as a citizen to exemplify the high ideals thus implied, rendering positive service to community, state and nation, and so to live as ever to bring honor and respect to Alma Mater.

The Morgan State University Presidential Chain of Office is bestowed upon each President of the University at an official inauguration ceremony and is worn by the President at Commencement and all official occasions requiring the wearing of academic regalia. It is a permanent insignia of office and is passed down to each succeeding president of the University.

The Morgan State University Presidential Chain of Office is cast in bronze with an antique patina and consists of a chain of one-and-one-half-inch medallions engraved with the names of the presidents of the institution and the four periods and dates in its evolution: Centenary Biblical Institute, Morgan College, Morgan State College and Morgan State University. The medallions for the current and past presidents drape around the front, and the medallions noting the periods in the history of the institution drape around the back of the academic regalia. Near the bottom of the Chain are two banners with laurel leaves, attached to two round medallions bearing the official logo of the University. At the bottom of the Chain is a banner, crested with laurel leaves, bearing the inscription President, below which sits the official Presidential Medallion, a three-inch round medal with a double-faced design embossed in bas-relief with the Seal of the University and its colors on the front and engraved with the university logo on the verso plane.

The Presidential Chain was designed by the Inauguration Committee for Morgan’s Twelfth President, Dr. David Wilson, in collaboration with the Office of Public Relations and Communications, and crafted by Medallic Art Company of Northwest Territorial Mint in Dayton, Nevada, in 2010. It was donated by Dr. Clara I. Adams, Morgan State University Class of 1954, Special Assistant to the President, and Mr. Wilbert L. Walker, Morgan State University Class of 1950.
The mace was originally used as an offensive weapon, made of iron or steel, to break through armor. It was later used mainly as a symbol of authority. It was introduced in the twelfth century in France by Phillip II and in England by Richard I as an emblem of authority of state officials. The mace was borne by sergeants-at-arms who served as royal bodyguards to kings and other royal dignitaries. This emblem has been adopted by colleges and universities throughout the United States and is usually borne by the Chief Faculty Marshal in academic processions.

The Morgan State University Mace is made of wood from one of the oldest buildings that existed on campus, a polished stone from the campus quarry, and three silver strips, each engraved with an epoch of Morgan’s history. It is decorated with silver clasps and semi-precious stones. It was a gift to the University from the General Alumni Association (June 4, 1956).

The Mace was designed and executed by the late Dr. Charles W. Stallings, formerly of the Morgan State University faculty in the Department of Art.

The Dr. Iva G. Jones Medallion Emblem

Some colleagues and community friends of the late Dr. Iva Gwendolyn Jones, Professor Emerita of the Morgan State University Department of English, honor her as a scholar, leader, and teacher, by extending as a gift to Morgan State University the Dr. Iva G. Jones Medallion Emblem, which is the conception of the late Assistant Professor of Art Emeritus, Samuel L. Green, who was likewise one of the two co-designers of the symbol. The second co-designer, and medallion silversmith, is Associate Professor of Art, Kenneth Royster.

The Emblem fabric approximates in width the border of the master’s hood, is velvet, and employs the University colors—blue and orange. The detachable chain which surmounts the emblem and helps to drape the wearer’s front and shoulders, bears silver mounts that hold the medallions in suspension.

Appraisers have assessed each silver medallion at over ten times the value of the United States silver dollar, which the medallions resemble. The twenty-one (21) emblem medallions—which the Philadelphia Mint created exclusively for the Negro Commemorative Society (Membership Number 1043)—display the images of African-American notables like Crispus Attucks, Benjamin Banneker, Henry O. Tanner, Lorraine Hansberry, Mary Church Terrell, Alaine Locke, and Ralph Bunche.

Annually, colleagues, employing University-approved criteria, select an individual to wear the Emblem. Those honored by this selection are persons who reflect vividly in their professional lives the qualities distinguishing the individual whose name the Emblem bears.

The Dr. Sandye Jean McIntyre, II, International Award

The Dr. Sandye Jean McIntyre, II, International Award, a sash designed and tailored specifically for this award, is inspired by the diplomatic sash customarily worn for formal occasions by ambassadors, consuls, and other dignitaries. It is red satin accented with a traditional rosette and blue, white, yellow and green ribbons, representing the flags of the United States of America, France, Senegal, and other countries with which Dr. McIntyre had contact in his diplomatic and academic careers. In the center front of the sash, a specially commissioned gold medal (struck by Charles Nusinov and Sons) features a world map enclosed by laurel wreaths and the name of the award.

The Award was established in 1997 and conferred upon Dr. McIntyre at the annual Founders Day Convocation in 1997. It is given to that member of the Morgan faculty who demonstrates extraordinary commitment to global learning and international understanding and who promotes international programs at Morgan.

The Academic Regalia

The traditional black caps and gowns worn by students and faculty in the academic procession have been the historic regalia of scholars since medieval times. Because many scholars of that period were members of monastic orders, the academic regalia probably represents an adaptation of ecclesiastical dress.

A uniform code for academic regalia was drafted by an intercollegiate commission in 1893 and has since been adopted by the majority of colleges and universities in the United States. Each of the three academic degrees—bachelor’s, master’s and doctor’s—has its own distinctive gown and hood. The gown representing the bachelor’s degree is distinguished by its long pointed sleeve. The master’s gown has a longer, narrow, closed sleeve, extending below the knee. The arm is passed through a slit at the elbow. In contrast, the doctor’s gown is faced with wide velvet bands, which may be black or a color indicating the general field of learning of the wearer—for example, dark blue for philosophy, green for medicine, and purple for law.

The most colorful and distinctive item of the academic regalia is the hood, which passes around the neck and extends down the back. The doctor’s hood is the largest, and the bachelor’s hood is the smallest. Often the use of a bachelor’s hood is omitted. The wearer’s field of learning is indicated by the color of the hood and the tassel. Among the colors of hoods are:

- Architecture ............................................................ Blue Violet
- Arts, Letters, Humanities .............................................. White
- Commerce, Accountancy, Business .............................. Drab
- Education ................................................................... Light Blue
- Engineering ................................................................. Orange
- Fine Arts ...................................................................... Brown
- Human Ecology ............................................................ Purple
- Library Science ............................................................. Lemon
- Medicine ....................................................................... Green
- Music .............................................................................. Pink
- Nursing .......................................................................... Apricot
- Philosophy ................................................................... Dark Blue
- Physical Education ...................................................... Sage Green
- Public Administration .................................................. Peacock Blue
- Public Health ................................................................. Salmon Pink
- Science ........................................................................ Golden Yellow
- Social Science .............................................................. Citron
- Social Work ................................................................. Citron
- Speech (Oratory) .......................................................... Silver
- Theology & Divinity ...................................................... Scarlet

The colors of the silk lining exposed in the center of the hood are those of the college or university which conferred the degree. The tassel may be either black or the color of the field of learning. The tassel of the doctor’s cap is usually gold.
The Academic Degree

The first known degree was a doctorate conferred by the University of Bologna in the middle of the 12th century. Originally, the doctor’s and master’s degrees were used interchangeably, each indicating that the holder was qualified to give instruction to students. The bachelor’s or baccalaureate degree indicated only entrance upon a course of study preparatory to the doctorate or mastership. Gradually, however, the bachelor’s degree came to mean successful completion of one level of study preparatory to the higher degrees.

Today, there are more than 1,600 different academic degrees conferred by colleges and universities in the United States. The advanced degrees granted by Morgan State University are the Master of Arts, Master of Arts in Teaching, Master of Science, Master of Science in Nursing, Master of Business Administration, Master of Architecture, Master of Landscape Architecture, Master of City and Regional Planning, Master of Engineering, Master of Public Health, Master of Social Work, Doctor of Education, Doctor of Engineering, Doctor of Philosophy and Doctor of Public Health.

The Doctor’s Degree

The doctor’s degree or doctorate represents the most advanced degree conferred at institutions of higher education in the United States. The Oxford English Dictionary defines a doctor in the academic sense as “one who, in any faculty or branch of learning, has attained to the highest degree conferred by a university.”

There are two major types of doctoral degrees: earned doctorates and honorary doctorates. Earned doctorates are further divided into two distinct types—the research degree and the professional or practitioner degree. The distinguishing feature of the research degree is that it normally requires a lengthy scholarly dissertation which is usually designed to constitute a substantial contribution to the existing body of knowledge in its field. The most important doctorate of the research type at institutions of higher education in the United States is the Doctor of Philosophy Degree (Ph.D.). At Morgan, all doctorates, including the Doctor of Education Degree (Ed.D.), the Doctor of Engineering Degree (D.Eng.), and the Doctor of Public Health Degree (Dr.P.H.), reflect high standards of scholarship and research.

The Master’s Degree *

The master’s degree is an academic honor conferred upon students who have successfully completed one or two years’ work beyond the baccalaureate. A thesis and an oral examination are usually required. The word magister connected with a qualifying phrase was used among the Romans as the title of honor, but its present meaning must be traced to the time of the establishment of the oldest universities. Regularly organized faculties were not then known as they now exist in the universities. The whole circle of academic activity was limited to seven liberal arts. Those who received public honors in the completed studies, and who had already received the degree of baccalaureus (bachelor), were called magistri artium (masters of the liberal arts).

The Bachelor’s Degree **

The bachelor’s degree represents completion of a four-year course of study of collegiate grade and is the oldest academic degree used at institutions of higher learning in the United States. The degree of Bachelor of Arts was the first conferred in the United States in 1642 on nine young men, comprising the first graduating class of Harvard College. Yale conferred its first Bachelor of Arts in 1702; Princeton in 1748; William and Mary in 1753; Pennsylvania in 1757; Columbia in 1758; and Morgan State to George W. F. McMechen in 1895.

** Sometimes designated as the baccalaureate degree, from the Latin baccalaeus, “under the influence of,” and lauris, “laural,” used as a designation of honor, distinction, or fame.
Honorary Degree Recipients

SHIRLEY ANN JACKSON
Doctor of Science

Proclaimed by Time magazine in 2005 as “the ultimate role model for women in science” and by the National Science Board in 2007 as a “national treasure,” Dr. Shirley Ann Jackson has been, for nearly four decades, one of the world’s outstanding scientists and one of its most prominent educational leaders. Always the pioneer and constantly on the cutting edge of change and progress, she has been both torchbearer and beacon — path-finder and pace-setter — in scientific research, in industry, in government and in academe. The first African-American woman to earn the doctorate from the Massachusetts Institute of Technology, the first African American and the first woman to chair the U.S. Nuclear Regulatory Commission, the first African-American woman to be elected to the National Academy of Engineering and the first African-American woman to lead a top-fifty national research university, Dr. Shirley Ann Jackson has become a prototype for achievement in science and research and an icon for effective and visionary leadership in higher education. After three years of post-doctoral research and lecturing, fifteen years as researcher at AT&T Bell Laboratories, four years as professor of physics at Rutgers University and five years as head of the U.S. Nuclear Regulatory Commission, she now stands, once again, as a pioneer, as the first woman and the first African American to be appointed President of Rensselaer Polytechnic Institute in Troy, New York. From that lofty platform, she has, for the past thirteen years, engineered and guided The Rensselaer Plan, which has brought about extraordinary transformation of the Institute. She is the standard-bearer for women, minorities and educators throughout the world.

LARRY S. GIBSON
Doctor of Laws

For nearly a half-century, Larry S. Gibson has been a guardian of public law, a champion of human rights and a major shaper of the next generation of America’s legal minds. Believing, like Cicero, that “the people’s good is the highest law,” he has devoted his professional life to protecting the common good, defending the rights of the misrepresented and misunderstood, ensuring the integrity of and participation in the electoral process, and deconstructing and reconstructing local and national civil rights history. The first African-American class president at Baltimore’s City College high school and the first African-American law professor at the University of Virginia, Larry S. Gibson has continually been a benchmark for excellence and achievement in the practice of law, in political campaign organization, in the pedagogy of the law and in the preservation and protection of the records of human history and achievement. Beginning as far back as the 1960s, Larry S. Gibson has been a principal adviser to African-American political leaders and has been in the background and on the front lines of local and national politics. Now Professor of Law at the University of Maryland, where he teaches civil procedures, laws of evidence, election law, and race and law, Larry S. Gibson has become a leading historian on African-American lawyers in Maryland and on the history of the American Civil Rights Movement. He played a major role in uncovering the story of Morgan State College students who established, in the 1940s and 1950s, the tradition of marches and sit-ins that was to place its stamp on the Civil Rights Movement in the sixties. Professor Larry S. Gibson is A Man for All Seasons in the law and in education in Baltimore, Maryland, the nation and the world.
TEBELELO MAZILE SERETSE  
*Doctor of Laws*

Since graduating from Morgan in 1978 with a bachelor’s degree in Accounting and a bachelor’s degree in Economics, Her Excellency Tebelelo Mazile Seretse has become, over the last three decades, a prodigious force in the economy and the political life of Botswana and a guiding light in international trade and diplomacy. Using Morgan as the Magnificent Wellspring for Her Success, Ambassador Seretse has distinguished herself in the private sector and in government service in Botswana as an expert on domestic production and international trade and as one of the Ten Most Influential Women in its political life. A top finance manager in the country with the highest gross domestic product per capita in Africa, she has served for the last thirteen years as a member of Parliament and the Presidential Cabinet, spearheading Botswana’s policies and initiatives in trade, wildlife, transportation, communications and tourism. In 2011, she was appointed Ambassador of Botswana to the United States of America; and, from that stately position, she has enlightened the world about this nation of two million, which is broadly acknowledged as one of the best-managed countries on the continent of Africa. A strong advocate of Botswana’s progressive policies on tolerance, private property rights, social justice, business development and human capital, Ambassador Seretse has also been one of its chief advocates for educational development and for promoting ties with institutions of higher education in the United States, including her alma mater. She is one of the driving forces behind the developing partnership between Morgan and higher education in Botswana and is playing a major role in the rapidly increasing body of international leaders helping Morgan to achieve its mission of “growing the future and leading the world.” She is an alumna of whom the University is proud and an international diplomat in whose achievements it takes great pride and satisfaction.

Alumnus of the Year

**PETER C. HARVEY**  
*Attorney, Federal Prosecutor and First African-American Attorney General for the State of New Jersey*

The Honorable Peter C. Harvey is a 1979 graduate of Morgan State University, where he earned his Bachelor of Arts degree in Political Science with honors. He received a law degree from the Columbia University School of Law in 1982. Peter Harvey was admitted to the New York Bar in 1984, the New Jersey Bar in 1985, and the District of Columbia Bar in 1989. While at Morgan, he served as President of the Student Government Association from 1978 to 1979.

Mr. Harvey was appointed as the first African-American Attorney General for the State of New Jersey in 2003. He served as Attorney General from 2003 to 2006. He also served as a former federal prosecutor.

Since leaving the Attorney General position in 2006, Mr. Harvey has been a partner with the law firm of Patterson Belknap Webb & Tyler, LLP. There, he represents corporations and individuals in business disputes throughout the nation. He has tried several major civil and criminal jury and non-jury cases in federal and state courts. He also conducts internal investigations for senior executives seeking to learn facts about employee misconduct or inappropriate business practices. Mr. Harvey also assists clients in navigating Grand Jury Subpoenas and government Civil Investigative Demands. Mr. Harvey recently served as Chairman of the Morgan State University Foundation.

The President's Second Mile Award was established in 1953 by Dr. Martin D. Jenkins, President of what was then Morgan State College, and the tradition has been continued to encourage and give recognition to outstanding leadership and participation in student affairs. It is intended that this award will go to that member of the graduating class who has made the most outstanding contribution to the campus community during his or her undergraduate days.

"Going the Second Mile" means doing more in any given task or activity than can reasonably be expected. It is hoped that "Going the Second Mile" will be characteristic of every Morgan State University student and graduate and that it will become one of the firmly established traditions of the university community. The winner of the Second Mile Award is selected by a committee consisting of the president of the Junior Class and Junior Class representatives in the Student Government. Organizations and individuals are invited to submit nominations for the award. Nominations are supported by a description of the individual's achievement.

The President’s Award for Exceptional Creative Achievement

The President’s Award for Exceptional Creative Achievement was established in 1953 by Dr. Martin D. Jenkins, President of what was then Morgan State College, and the tradition has been continued to encourage and give recognition to the expression of worthwhile original ideas among the students of the university. It is intended that this award will go to that member of the graduating class who has made an exceptional contribution of a creative nature.

One of the most important functions of an institution of higher education is to stimulate the development of original ideas. Although major contributions are hardly to be expected, certainly the techniques of creative thought and the habit of expressing original ideas should be developed during the undergraduate days. The budding techniques and habits so developed, it is hoped, will come to fruition in post-university years.

The Award for Exceptional Creative Achievement may go to a student who makes a creative contribution in any field or area. The winner of the President’s Award for Exceptional Creative Achievement is selected by a faculty committee. Departments and individual faculty members are invited to submit nominations for the award through the appropriate department chairperson. Nominations are supported by adequate description of the nominee’s achievement.
