W. A. C. Hughes Memorial Stadium
Morgan State University
Baltimore, Maryland
The Eighteenth of May, Two Thousand and Thirteen
Ten O’clock in the Morning
To Our Guests

Welcome to the 137th annual Commencement Exercises of Morgan State University. The University solicits your cooperation in helping to sustain the dignity and solemnity of this happy occasion. We respectfully request that you refrain from engaging in conversation as well as moving about while the Commencement Exercises are in progress. Once the exercises have begun, only members of the authorized working press and authorized photographers are permitted on the Stadium field.

We ask our guests to stand as the academic procession moves into the Stadium and to remain standing until after the singing of the Anthem.

Thank you.
**Anthem**

**LIFT EV’RY VOICE AND SING**

Lift ev’ry voice and sing  
Till earth and heaven ring,  
Ring with the harmonies of liberty;  
Let our rejoicing rise  
High as the list’ning skies.  
Let it resound loud as the rolling sea.  
Sing a song full of the faith that  
the dark past has taught us.  
Sing a song full of the hope that  
the present has brought us;  
Facing the rising sun  
of our new day begun,  
Let us march on till victory is won.

God of our weary years,  
God of our silent tears,  
Thou who has brought us thus far on the way.  
Thou who has by Thy might,  
Led us into the light,  
Keep us forever in the path, we pray.  
Lest our feet stray from the places,  
Our God, where we met Thee.  
Lest our hearts, drunk with the wine  
of the world, we forget Thee;  
Shadowed beneath Thy hand,  
May we forever stand,  
True to our God, True to our Native land.

---

**The Alma Mater**

I.

Fair Morgan, we love thee, so tried and so true,  
Our hearts at thy name thrill with pride;  
We owe thee allegiance, we pledge thee our faith,  
A faith which shall ever abide.  

**Chorus**

We pledge thee our love, we pledge thee our faith,  
Whatever the future may bring,  
And thus our devotion, fidelity too,  
And homage we pay as we sing.

II.

Fair Morgan, as onward the years quickly fly,  
And thou livest in memory sweet.  
We bring thee our laurels whatever they be,  
And lay them with joy at thy feet.  

**Chorus**

*Author: Flora E. Strout*

**Alumni Oath of Allegiance**

I hereby solemnly pledge unbroken allegiance to Alma Mater in appreciation for opportunities for development afforded me as a student at Morgan State University.

I pledge active membership in the National Alumni Association wherever I may be. Through association with fellow alumni, I shall ever do my best to uphold the ideals and traditions of Alma Mater.

I pledge as a citizen to exemplify the high ideals thus implied, rendering positive service to community, state and nation, and so to live as ever to bring honor and respect to Alma Mater.

The list of graduates that appears in this booklet is tentative and contingent upon satisfactory completion of all requirements for graduation, and participation in these Commencement Exercises cannot be interpreted as having completed all requirements for graduation from Morgan State University.

PRESIDENT OF THE UNIVERSITY
The Morgan State University Presidential Chain of Office is bestowed upon each President of the University at an official inauguration ceremony and is worn by the President at Commencement and all official occasions requiring the wearing of academic regalia. It is a permanent insignia of office and is passed down to each succeeding president of the University.

The Morgan State University Presidential Chain of Office is cast in bronze with an antique patina and consists of a chain of one-and-one-half-inch medallions engraved with the names of the presidents of the institution and the four periods and dates in its evolution: Centenary Biblical Institute, Morgan College, Morgan State College and Morgan State University. The medallions for the current and past presidents drape around the front, and the medallions noting the periods in the history of the institution drape around the back of the academic regalia. Near the bottom of the Chain are two banners with laurel leaves, attached to two round medallions bearing the official logo of the University. At the bottom of the Chain is a banner, crested with laurel leaves, bearing the inscription President, below which sits the official Presidential Medallion, a three-inch round medal with a double-faced design embossed in bas-relief with the Seal of the University and its colors on the front and engraved with the university logo on the verso plane.

The Presidential Chain was designed by the Inauguration Committee for Morgan’s Twelfth President, Dr. David Wilson, in collaboration with the Office of Public Relations and Communications, and crafted by Medallic Art Company of Northwest Territorial Mint in Dayton, Nevada, in 2010. It was donated by Dr. Clara I. Adams, Morgan State University Class of 1954, Special Assistant to the President, and Mr. Wilbert L. Walker, Morgan State University Class of 1950.
The mace was originally used as an offensive weapon, made of iron or steel, to break through armor. It was later used mainly as a symbol of authority. It was introduced in the twelfth century in France by Phillip II and in England by Richard I as an emblem of authority of state officials. The mace was borne by sergeants-at-arms who served as royal bodyguards to kings and other royal dignitaries. This emblem has been adopted by colleges and universities throughout the United States and is usually borne by the Chief Faculty Marshal in academic processions.

The Morgan State University Mace is made of wood from one of the oldest buildings that existed on campus, a polished stone from the campus quarry, and three silver strips, each engraved with an epoch of Morgan’s history. It is decorated with silver clasps and semi-precious stones. It was a gift to the University from the General Alumni Association (June 4, 1956).

The Mace was designed and executed by the late Dr. Charles W. Stallings, formerly of the Morgan State University faculty in the Department of Art.

CHIEF FACULTY MARSHALS OF THE UNIVERSITY

1948–1966 ............... Dr. George H. Spaulding
1966–1974 ............... Dr. Nathaniel K. Proctor
1974–2009 ............... Dr. Clayton C. Stansbury
2009–Present ............ Dr. Milford A. Jeremiah
The Dr. Iva G. Jones Medallion Emblem

Some colleagues and community friends of the late Dr. Iva Gwendolyn Jones, Professor Emerita of the Morgan State University Department of English, honor her as a scholar, leader, and teacher, by extending as a gift to Morgan State University the Dr. Iva G. Jones Medallion Emblem, which is the conception of the late Assistant Professor of Art Emeritus, Samuel L. Green, who was likewise one of the two co-designers of the symbol. The second co-designer, and medallion silversmith, is Associate Professor of Art, Kenneth Royster.

The Emblem fabric approximates in width the border of the master’s hood, is velvet, and employs the University colors—blue and orange. The detachable chain which surmounts the emblem and helps to drape the wearer’s front and shoulders, bears silver mounts that hold the medallions in suspension.

Appraisers have assessed each silver medallion at over ten times the value of the United States silver dollar, which the medallions resemble. The twenty-one (21) emblem medallions—which the Philadelphia Mint created exclusively for the Negro Commemorative Society (Membership Number 1043)—display the images of African-American notables like Crispus Attucks, Benjamin Banneker, Henry O. Tanner, Lorraine Hansberry, Mary Church Terrell, Alaine Locke, and Ralph Bunche.

Anually, colleagues, employing University-approved criteria, select an individual to wear the Emblem. Those honored by this selection are persons who reflect vividly in their professional lives the qualities distinguishing the individual whose name the Emblem bears.

The Dr. Sandye Jean McIntyre, II
International Award

The Dr. Sandye Jean McIntyre, II, International Award, a sash designed and tailored specifically for this award, is inspired by the diplomatic sash customarily worn for formal occasions by ambassadors, consuls, and other dignitaries. It is red satin accented with a traditional rosette and blue, white, yellow and green ribbons, representing the flags of the United States of America, France, Senegal, and other countries with which Dr. McIntyre had contact in his diplomatic and academic careers. In the center front of the sash, a specially commissioned gold medal (struck by Charles Nusinov and Sons) features a world map enclosed by laurel wreaths and the name of the award.

The Award was established in 1997 and conferred upon Dr. McIntyre at the annual Founders Day Convocation in 1997. It is given to that member of the Morgan faculty who demonstrates extraordinary commitment to global learning and international understanding and who promotes international programs at Morgan.

The Academic Regalia

The traditional black caps and gowns worn by students and faculty in the academic procession have been the historic regalia of scholars since medieval times. Because many scholars of that period were members of monastic orders, the academic regalia probably represents an adaptation of ecclesiastical dress.

A uniform code for academic regalia was drafted by an intercollegiate commission in 1893 and has since been adopted by the majority of colleges and universities in the United States. Each of the three academic degrees—bachelor’s, master’s and doctor’s—has its own distinctive gown and hood. The gown representing the bachelor’s degree is distinguished by its long pointed sleeve. The master’s gown has a longer, narrow, closed sleeve, extending below the knee. The arm is passed through a slit at the elbow. In contrast, the doctor’s gown is faced with wide velvet bands, which may be black or a color indicating the general field of learning of the wearer—for example, dark blue for philosophy, green for medicine, and purple for law.

The most colorful and distinctive item of the academic regalia is the hood, which passes around the neck and extends down the back. The doctor’s hood is the largest, and the bachelor’s hood is the smallest. Often the use of a bachelor’s hood is omitted. The wearer’s field of learning is indicated by the color of the hood and the tassel. Among the colors of hoods are:

- Architecture .................................................. Blue Violet
- Arts, Letters, Humanities ................................. White
- Commerce, Accountancy, Business ................... Drab
- Education .................................................... Light Blue
- Engineering .................................................... Orange
- Fine Arts ....................................................... Brown
- Human Ecology ............................................... Purple
- Library Science ............................................. Lemon
- Medicine ......................................................... Green
- Music .......................................................... Pink
- Nursing ......................................................... Apricot
- Philosophy ..................................................... Dark Blue
- Physical Education ........................................ Sage Green
- Public Administration ..................................... Peacock Blue
- Public Health ................................................ Salmon Pink
- Science ......................................................... Golden Yellow
- Social Science ............................................... Citron
- Social Work .................................................. Citron
- Speech (Oratory) ............................................ Silver
- Theology & Divinity ......................................... Scarlet

The colors of the silk lining exposed in the center of the hood are those of the college or university which conferred the degree. The tassel may be either black or the color of the field of learning. The tassel of the doctor’s cap is usually gold.
The Academic Degree

The first known degree was a doctorate conferred by the University of Bologna in the middle of the 12th century. Originally, the doctor’s and master’s degrees were used interchangeably, each indicating that the holder was qualified to give instruction to students. The bachelor’s or baccalaureate degree indicated only entrance upon a course of study preparatory to the doctorate or mastership. Gradually, however, the bachelor’s degree came to mean successful completion of one level of study preparatory to the higher degrees.

Today, there are more than 1,600 different academic degrees conferred by colleges and universities in the United States. The advanced degrees granted by Morgan State University are the Master of Arts, Master of Arts in Teaching, Master of Science, Master of Science in Nursing, Master of Business Administration, Master of Architecture, Master of Landscape Architecture, Master of City and Regional Planning, Master of Engineering, Master of Public Health, Master of Social Work, Doctor of Education, Doctor of Engineering, Doctor of Philosophy and Doctor of Public Health.

The Doctor’s Degree

The doctor’s degree or doctorate represents the most advanced degree conferred at institutions of higher education in the United States. The Oxford English Dictionary defines a doctor in the academic sense as “one who, in any faculty or branch of learning, has attained to the highest degree conferred by a university.”

There are two major types of doctoral degrees: earned doctorates and honorary doctorates. Earned doctorates are further divided into two distinct types—the research degree and the professional or practitioner degree. The distinguishing feature of the research degree is that it normally requires a lengthy scholarly dissertation which is usually designed to constitute a substantial contribution to the existing body of knowledge in its field. The most important doctorate of the research type at institutions of higher education in the United States is the Doctor of Philosophy Degree (Ph.D.). At Morgan, all doctorates, including the Doctor of Education Degree (Ed.D.), the Doctor of Engineering Degree (D.Eng.), and the Doctor of Public Health Degree (Dr.P.H.), reflect high standards of scholarship and research.

The Master’s Degree *

The master’s degree is an academic honor conferred upon students who have successfully completed one or two years’ work beyond the baccalaureate. A thesis and an oral examination are usually required. The word magister connected with a qualifying phrase was used among the Romans as the title of honor, but its present meaning must be traced to the time of the establishment of the oldest universities. Regularly organized faculties were not then known as they now exist in the universities. The whole circle of academic activity was limited to seven liberal arts. Those who received public honors in the completed studies, and who had already received the degree of baccalaureus (bachelor), were called magistri artium (masters of the liberal arts).

The Bachelor’s Degree **

The bachelor’s degree represents completion of a four-year course of study of collegiate grade and is the oldest academic degree used at institutions of higher learning in the United States. The degree of Bachelor of Arts was the first conferred in the United States in 1642 on nine young men, comprising the first graduating class of Harvard College. Yale conferred its first Bachelor of Arts in 1702; Princeton in 1748; William and Mary in 1753; Pennsylvania in 1757; Columbia in 1758; and Morgan State to George W. F. McMechen in 1895.

** Sometimes designated as the baccalaureate degree, from the Latin baccalaris, “under the influence of,” and lauris, “laurel,” used as a designation of honor, distinction, or fame.
Commencement Speaker

THE HONORABLE ARNE DUNCAN

For the past two decades, the Honorable Arne Duncan has been both beacon and inspiration, seedbed and life force, of reform in American education. The son of two prominent Chicago educators, he devoted his training and has committed his career to educating the generation that will lead America well into the 21st century. After working as Director of a foundation and at an academy that opened doors of higher education to students in some of Chicago’s worst-performing elementary schools and serving for seven years as Chief Executive Officer of the Chicago Public School System, Arne Duncan now leads the national agenda to ensure the highest level of achievement of America’s students and its teachers. As Secretary of the U.S. Department of Education since 2009, he has spearheaded the nation’s “Race to the Top” initiative to transform and improve education so that American students will stand second to none in the world in learning and in achievement.

Honorary Degree Recipients

THE HONORABLE FRED DAVID GRAY
Doctor of Humane Letters

For nearly sixty years, the Honorable Fred David Gray has been one of the quiet, determined, courageous, and mighty forces behind the modern Civil Rights Movement in America. One of its true architects and one of its most prominent and successful litigators, Fred Gray was the legal pioneer who defended Mrs. Rosa Parks, the Mother of the Civil Rights Movement, whose famous arrest in 1955 led to the Montgomery Bus Boycott and ended in the desegregation of public transit in that city; and he was, in the early days of the Movement, the first civil rights attorney to represent the Rev. Dr. Martin Luther King, Jr., who called him “the chief counsel for the protest movement.” During the last fifty-nine years, Fred D. Gray, who, in 1970, was elected one of the first African-American representatives to the Alabama State Legislature since Reconstruction, has been as determined and resolute as he was in the 1950s, when he vowed to “destroy everything segregated” that he could find, and he has been in the forefront of local, regional and national efforts to bring justice for all in voting, housing, education, jury service, farm subsidies, medicine and ethics, and American jurisprudence. He is one of the Dean Counselors of the American Civil Rights Movement.
For the past sixty-three years, Dr. Charles Vert Willie has been one of this nation’s outstanding educators, one of its most distinguished sociologists and one of its leading authorities on desegregation. The grandson of a former slave, a Morehouse classmate of the Rev. Dr. Martin Luther King, Jr., the first African-American professor at Syracuse University, the author and co-author of more than one hundred scholarly articles and thirty books, Professor Charles Willie has taught on faculties in arts and sciences, medicine, education and theology; and he has earned acclaim across the nation for his expertise and his practical solutions to dismantling segregation in some of the nation’s largest cities. Court-appointed master, expert witness and highly sought consultant, he has established a legacy in educational planning, desegregation, higher education, race and ethics that is evident in schools across the United States. Now Charles W. Eliot Professor of Education Emeritus at Harvard University’s Graduate School of Education, Dr. Charles V. Willie has devoted his teaching and research not only to enlightenment and discovery but also to rendering practical solutions to social problems.

Alumnus of the Year

THE HONORABLE KWEISI MFUIME
Statesman, Commentator, Activist, Orator, Consultant, Author, Corporate Adviser

The Honorable Kweisi Mfume graduated magna cum laude from Morgan State University in 1976 with a Bachelor of Science degree in Political Science. He later returned to the campus as an adjunct professor teaching courses in Political Science and Communications. In 1984, he received his master’s degree in Liberal Arts with a concentration in International Studies from The Johns Hopkins University.

By the age of 31, he had won his first election to the Baltimore City Council. At the age of 38, he was elected to the United States Congress, a seat that he would hold for the next decade, during the terms of Presidents Ronald Reagan, George H. W. Bush and Bill Clinton. Mr. Mfume left his congressional seat to become President and Chief Executive Officer of the NAACP in February of 1996, after being unanimously elected to the post, and served there for nine years.

He recently served an interim appointment as the Executive Director of the National Medical Association to help lead and oversee the positioning of the nation’s oldest African American medical association and its physicians in preparation for the implementation of the 2010 Affordable Health Care Act. Mr. Mfume is a long-serving member of the Morgan State University Board of Regents, and is currently its chairman-elect.

The President's Second Mile Award

The President’s Second Mile Award was established in 1953 by Dr. Martin D. Jenkins, President of what was then Morgan State College, and the tradition has been continued to encourage and give recognition to outstanding leadership and participation in student affairs. It is intended that this award will go to that member of the graduating class who has made the most outstanding contribution to the campus community during his or her undergraduate days.

“Going the Second Mile” means doing more in any given task or activity than can reasonably be expected. It is hoped that "Going the Second Mile" will be characteristic of every Morgan State University student and graduate and that it will become one of the firmly established traditions of the university community. The winner of the Second Mile Award is selected by a committee consisting of the president of the Junior Class and Junior Class representatives in the Student Government. Organizations and individuals are invited to submit nominations for the award. Nominations are supported by a description of the individual’s achievement.

The President’s Award for Exceptional Creative Achievement

The President’s Award for Exceptional Creative Achievement was established in 1953 by Dr. Martin D. Jenkins, President of what was then Morgan State College, and the tradition has been continued to encourage and give recognition to the expression of worthwhile original ideas among the students of the university. It is intended that this award will go to that member of the graduating class who has made an exceptional contribution of a creative nature.

One of the most important functions of an institution of higher education is to stimulate the development of original ideas. Although major contributions are hardly to be expected, certainly the techniques of creative thought and the habit of expressing original ideas should be developed during the undergraduate days. The budding techniques and habits so developed, it is hoped, will come to fruition in post-university years.

The Award for Exceptional Creative Achievement may go to a student who makes a creative contribution in any field or area. The winner of the President’s Award for Exceptional Creative Achievement is selected by a faculty committee. Departments and individual faculty members are invited to submit nominations for the award through the appropriate department chairperson. Nominations are supported by adequate description of the nominee’s achievement.
